

Resident Information Bulletin #5

Hatlen Heights Traffic Calming Study

Village of Mount Prospect
Public Works Department
NOVEMBER 2025

INTRODUCTION:

The Village is conducting a traffic calming study within the Hatlen Heights Neighborhood on Audrey Lane, Hatlen Avenue, Connie Lane and Bonita Avenue. The Transportation Safety Commission has made their recommendation to the Village Board for traffic calming measures to be installed in the neighborhood. This is a scheduled agenda item for the December 2nd Village Board meeting. The recommended project is designed to slow vehicle speeds to increase safety for all users.

PROPOSED IMPROVEMENTS:

The Transportation Safety Commission reviewed the results of balloting and Staff's recommendation for a traffic calming project at their September 8th meeting. This recommendation was developed in accordance with the Friendly Neighborhood Streets Program as shown on the timeline below. This allowed ample opportunity for public feedback to help inform the recommended design. After review, discussion and public comment, the Commission recommends the follow improvements to the Village Board for consideration:

- Mini-traffic circles at the intersections of Audrey Lane and Gindel Drive and Hatlen Avenue and Grindel Drive
- Speed feedback signs on Audrey Lane and Hatlen Avenue
- All-way stop control at the intersection of Audrey Lane and Connie Lane with centerline pavement markings on approach to the intersection
- Pavement markings on Meier Road north of Lincoln Street to match the pavement markings on Meier Road south of Lincoln Street

VILLAGE BOARD MEETING:

This project is scheduled to be presented to the Village Board at their December 2nd Meeting at 7:00 PM in the Board Room on the third floor of Village Hall, 50 South Emerson Street, Mount Prospect. You are welcome to attend the meeting to watch the presentation, discussion by the Trustees, and to provide public comment. The Trustees are expected to make a final decision on the project at this meeting.

Plans, balloting results and meeting minutes from the Transportation Safety Commission are available on the project website. Search "Hatlen Heights" on the Village website or use the QR code below.

Please reach out to Public Works with any questions by phone at (847) 870-5640 or by email at publicworksdept@mountprospect.org. Please put "Hatlen Heights Traffic Calming" in the subject line of your email.
