

Resident Information Bulletin #2

Hatlen Heights Neighborhood Traffic Calming Study

Village of Mount Prospect
Public Works Department
FEBRUARY 2025

INTRODUCTION:

The Village is conducting a traffic calming study within the Hatlen Heights Neighborhood on Audrey Lane, Hatlen Avenue, Connie Lane and Bonita Avenue and is seeking your input on the preliminary preferred alternative that the Engineering Division developed based on resident surveys that were sent out late last year. Last year, the Village initiated a traffic calming study for the neighborhood based on a petition submitted by residents. Traffic calming is infrastructure designed to slow vehicle speeds or reduce the number of vehicles on a neighborhood street to increase safety for all users.

PRELIMINARY PREFERRED ALTERNATIVE:

The Engineering Division evaluated options and developed a preferred alternative for traffic calming measures within the neighborhood. The preferred alternative includes median islands and mini-traffic circles to slow drivers and increase safety for all users. A memo describing the preferred alternative and plans for the preferred alternative are available on the project website, see below. If you would like a hard copy of the memo and plans, please reach out to Public Works via phone at 847-870-5640 or via email at publicworksdept@mountprospect.org and we will be happy to provide the documents.

TRAFFIC CALMING PROCESS:

We are currently at step 8, Second Public Outreach, of the traffic calming process. See timeline to the right.

PUBLIC INPUT

A comment form is available on the study website to provide input on the initial preferred alternative. Please use the QR code below or search "Hatlen Heights" on the Village website to find the study website.

Additionally, public comments can be submitted to Public Works by using the enclosed comment form and mailing it to or dropping off at Public Works, Attn: Luke Foresman, 1700 West Central Road, Mount Prospect, IL 60056. Residents can also submit comments by phone at (847) 870-5640 or by email at publicworksdept@mountprospect.org. Please put "Hatlen Heights Traffic Calming" in the subject line of your email. **Comments need to be submitted by Friday March 14th for inclusion in this part of the study.**

The study will be presented to the Transportation Safety Commission at their meeting at 7:00 PM on March 10th, 2025 at the Emergency Operations Center at Public Works, 1720 W. Central Road. You are invited to attend and participate in the meeting. This will act as the "on-site" meeting as described in the timeline above.

The Village may also trial some of the traffic calming measures using cones and temporary curbs to demonstrate potential improvements to the neighborhood. These will be installed for a few days sometime prior to the Transportation Safety Commission Meeting, weather permitting.

Comment Form

Hatlen Heights Neighborhood Traffic Calming Study

Village of Mount Prospect
Public Works Department
FEBRUARY 2025

Please answer the follow questions to help us as we work to develop a preferred alternative for traffic calming in the Hatlen Heights Neighborhood. Comments can also be submitted on the study website, see QR code below or search “Hatlen Heights” on the Village website.

Please view the preferred alternative and memo on the study website prior to answering these questions. A hard copy of the preferred alternative can be requested by contacting Public Works, info below.

Address: _____

Provide any comments regarding the preferred alternative as proposed:

Provide any suggestions for changes to the preferred alternative, or other ideas for traffic calming:

Provide any additional comments regarding the study:

Submit form to Public Works, Attn: Luke Foresman, 1700 West Central Road, Mount Prospect, IL 60056.

Or email the form to publicworksdept@mountprospect.org. Please put “Hatlen Heights Traffic Calming” in the subject line of your email. **Please submit by Friday, March 14th, 2025 for inclusion in the study.**
