NOTICE REGARDING WELLNESS PROGRAM

The Village of Mount Prospect's Wellness Program is a voluntary wellness program available to all regular full-time and part-time employees as well as spouses on a Village medical plan. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you will be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., diabetes, or heart disease). You will also be asked to complete a biometric screening, which will include a 37 panel blood test for anemia, infections & certain cancers; heart disease & stroke; kidney diseases; nutritional and gastrointestinal disorders; liver and gallbladder issues, diabetes. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

However, employees and applicable spouses on the medical plan who choose to participate in the wellness program will be eligible to receive a discount on your medical plan premium for completing the HRA and biometric screening. Although you are not required to complete the HRA or participate in the biometric screening, only employees and applicable spouses on the medical plan who do so will be eligible to receive medical plan discount.

Additional rewards points are available for those who participate in certain health related activities or achieve certain health outcomes based on glucose, blood pressure, HDL cholesterol, triglycerides and waist circumference. If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting CHC Wellbeing at 866.373.4242.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as health coaching and e-Learning courses. You also are encouraged to share your results or concerns with your own doctor.
