MOUNT PROSPECT VILLAGE news

JULY/AUGUST 2019

Music, Food & Fun in Downtown Mount Prospect!

FRIDAY | JULY 26 | 4–11PM | SATURDAY | JULY 27 | 11AM–11PM

The Village and the Mount Prospect Chamber of Commerce welcome residents and visitors downtown to enjoy a weekend's worth of great live musical performances, delicious food and beverages and fun family activities!

The Downtown Block Party will once again be held in the heart of downtown Mount Prospect at the corner of Emerson Street and Busse Avenue (next to Village Hall on Centennial Green, 50 South Emerson Street).

Two full days of free entertainment are scheduled. The festival opens Friday at 4 pm and runs through 11 pm then continues for all ages on Saturday from 11 am to 11 pm. Bring the kids for fun, free activities from noon to 6 pm. Kids will enjoy the bounce houses, inflatable giant slide, mini Ferris wheel and mini merry-go-round. Facepainters, ponies, and a craft

booth will also be available from 2 pm to 6 pm.

No party is complete without food! Indulge in Mount Prospect's local favorites, from pizza, tacos, gyros, and hot dogs to ice cream and cakes. Beer, wine and specialty beverages will be available. For up-to-date restaurant listings, band information and more, visit mpblockparty.com, like the Downtown Block Party

Facebook page, or contact the Chamber at 847.398.6616.

FREE Parking for the event is available on Friday in the East Commuter Lot (Northwest Highway & Route 83) and all weekend in the Emerson Street Parking Deck (50 South Emerson Street). Rather take the train in? The Party is one block from the Mount Prospect Metra Train Depot.

LIVE MUSIC LINE-UP

Did You Purchase a Vehicle Sticker?

The deadline for displaying 2019-2020 vehicle stickers was April 30. The Police Department may issue citations to owners of locally registered vehicles that do not display current stickers.

If you are an established resident who purchased a new vehicle after April 30, or a new resident who moved into the Village after April 30, you have 30 days to purchase a vehicle sticker at Village Hall. Proof of vehicle purchase or move-in date is required to ensure that a late fee is not imposed.

Residents who change vehicles after having purchased a 2019-2020 sticker should contact the Finance Department at 847.392.6000 with updated vehicle information to determine eligibility for transference of the sticker from one vehicle to another for no additional fee.

For more information regarding vehicle stickers, visit mountprospect.org/vehiclestickers or call the Finance Department at 847.392.6000.

Community/Economic Development

Supporting Our Seniors

The Village of Mount Prospect is committed to supporting projects that serve our senior residents. The North West Housing Partnership (NWHP) offers two programs aimed at assisting seniors to live independently and remain active and engaged in daily activities.

The **CAPABLE (Community Aging in Place, Advancing Better Living for Elders) Program** helps those 65 and older who live at home by coordinating the services of an occupational therapist (OT), a nurse and a handyman. The OT and nursing services are provided at no cost.

NWHP also operates a **Handyman Program** for those 60 and older who need minor repairs done in their home. The resident shares a portion of the cost which is calculated on a sliding scale. Fees are typically under \$40 an hour depending on income, and in some cases may be free.

For more information, please contact NWHP at 847.969.0561 or visit nwHP.net.

New Mount Prospect Restaurant Guide

As part of an enhanced economic development initiative, the Village will be creating an interactive web-based map of all Mount Prospect restaurants to familiarize patrons with new and established places to eat within the Village. Whether you are looking for a tasty burger, delicious pizza or a satisfying dessert, the map will be a one-stop shop for information on Mount Prospect restaurants, including hours of operation, websites and contact information. Stay tuned, and support our local businesses by dining in Mount Prospect!

Mount Prospect Pointe

Mount Prospect Pointe is taking shape along Rand Road across from Walmart as three commercial buildings are under construction. A fourth commercial pad is available.

Planned tenants include The Tile Shop, Texas Roadhouse and Buona Beef. Construction for all should be completed this year, with a new stoplight planned at the Walmart and Mount Prospect Pointe.

The development is expected to generate approximately \$250,000 in annual property taxes and \$150,000 in sales taxes once completed. Greatly improving the appearance of the locale, the project develops a long-vacant site along the Rand Road corridor.

Check out the Village of Mount Prospect's Development Update webpage at mount-prospect.org/business/development-updates to learn about new and upcoming projects.

Online Utility Bill Services

Avoid the lines! The Village offers an easy-to-use *view bill or account history* online option and several easy-to-use payment options for Water/Sewer/Refuse bills:

- View bill or account history and/or pay online with a credit or debit card through the Village website, mountprospect.org (no service fee). Online payment is secure and available 24 hours/day.
- Direct debit: Funds are withdrawn on the due date. Authorization forms are available at mountprospect.org.

Other payment options include:

- Deposit 24 hours/day in one of the payment boxes located outside the front door of Village Hall and in the parking garage, next to the library book return
- Mail
- In person at the Finance Department

Get Help for Your Home Remodeling Project

Thinking about a building project at home such as adding a deck, finishing your basement or other project? The Village of Mount Prospect Building Division provides free pre-submittal meetings to get your project off to a good start.

These meetings are meant to ease you through the application process, explain the code requirements and make your permit review process go smoothly and quickly. We provide free code handouts and checklists to make your layout planning easier.

No matter the size of your project, we are happy to meet and discuss your plans. A pre-submittal meeting is required for larger projects such as remodels, additions or new construction.

To schedule your free pre-submittal meeting, call the Building Division at 847.818.5290 or e-mail bulding@mountprospect.org.

Stormwater Pollution

What is stormwater pollution? When it rains, some of the rainwater is absorbed into the ground. However, when rain falls on hard surfaces like concrete, or when the ground is too saturated to absorb the additional rain, some of the rainwater will flow over the surface and directly into creeks, streams or rivers.

This runoff collects pollutants as it moves across various surfaces, carrying them into those natural bodies of water. The pollution can be something you can see such as discarded bottles, cans or papers floating on top of the water. Other types of pollutants are not as visible, such as when oil from a car washes into a creek or stream. In any case, rainwater runoff is the number one cause of water pollution in the United States.

Among the concerns related to stormwater pollution is the volume and timing of the runoff, as well as the potential contaminants being carried in it. These contaminants are picked up as water from a storm, or even garden hoses and sprinklers, drains from streets, parking lots and lawns, and enters the water system through our catch basins and storm drains. That water travels directly into rivers and streams without being cleaned or treated in any way. Anything that is dropped on the ground or hard surfaces contributes to stormwater pollution. Because it is so wide-spread, rainwater can not be collected and treated before reaching streams, rivers, or lakes.

In a separate sanitary and storm sewer system the sanitary sewer system collects all the water from household usage and directs it to a treatment plant. Storm drains are designed to quickly route rainwater from the street during heavy rains. Unfortunately, this runoff collects chemicals, trash, and debris from lawns, parking

lots and streets, and is routed directly into water ways.

Polluted stormwater runoff impacts humans, fish and animals as it carries its various contaminants with it. Sediment from the ground damages the water and can destroy aquatic habitats, while debris such as plastic bags, bottles and cigarette butts can choke, suffocate or disable ducks, turtles, fish and birds. Humans are impacted when beaches are closed due to high levels of bacteria and other pathogens in the water.

The runoff can carry household hazardous waste such as pesticides, paint, solvents, motor oil and other fluids from cars and trucks into the water, further threatening natural resources and aquatic life. Should fish or shellfish ingest polluted water, they can cause illness in humans when we consume them. The same is true if our drinking water sources are compromised.

Excess nutrients can cause algae blooms. When algae die, they sink to the bottom and decompose in a process that removes oxygen from the water. Fish and other aquatic organisms cannot exist in water with low dissolved oxygen levels.

Let's all do our part to prevent the impact of stormwater pollution one drop at a time.

Water Your Traps

If unused for an extended period, the traps in your floor drains, or any drain in your home, will dry out. A dry trap can cause a room to fill with sewer gas from the Village's sewer system. To prevent this from happening in your home, add a little fresh water topped with cooking oil into the traps. The oil will float on top of the water and prevent evaporation, allowing the trap to hold water longer.

Watering Restrictions

Despite the wet spring we experienced, we should all be reminded that the Lake Michigan Water Allocation Program requires water suppliers like the Village to restrict outdoor water use. Restrictions are in place to ensure that there is a continuous adequate water supply for drinking, bathing and fire protection. Water conservation measures are an important first step in protecting our water supply.

The Village has enacted policies for watering lawns and gardens, filling swimming pools and other uses such as large-scale cleaning. **Watering is permitted for odd number addresses on odd number dates, while even addresses can water on even number dates between 4 pm and 10 am.** Newly sodded sections of lawns may be watered at any time, any day, during the first two weeks after installation. For months with 31 days such as July and August, residents with odd number addresses may water on both days. If you have any questions, please contact Public Works.

2018 Water Report Available Online

The Illinois and federal Environmental Protection Agency is now allowing water suppliers to offer electronic delivery of their annual Consumer Confidence Reports. This use of electronic delivery or e-delivery will save thousands of dollars in printing and postage costs for the Village. The use of the e-delivery method fully meets the public notification requirements. Please go to the following webpage www.mountprospect.org/CCR2018 to view your 2018 annual water quality report and learn more about your drinking water. This report contains important information about the source and quality of your drinking water during 2018. If you would still like to receive a paper copy of the 2018 Annual Water Quality Report or have questions about the report, please call Public Works at 847-870-5640 or you can email your request to publicworksdept@mountprospect.org.

Taking Care of New Trees

To ensure that the Village's beautiful urban forest thrives, the Forestry/Grounds Division of Public Works encourages all residents to pay close attention to tree watering throughout the summer and fall.

As you know, the Village has planted many new trees in recent years and it is during those first few years that proper watering is critical to establishing the tree. Young trees should receive at least one inch of water every seven to ten days. Thorough, deep watering is much better than more frequent but more shallow watering. Watering is easy to do, and inexpensive considering the numerous benefits that trees provide.

A lack of water can cause serious stress to a young tree. Primary effects occur as plant tissues dry and become desiccated, damaging leaves, twigs and roots. You may notice a yellowing and browning of the leaves, first along the margins, then progressing toward the center of the leaves. Prolonged drought will also cause the death of fine roots. This inhibits water absorption into the tree, reducing the vitality of the plant.

The secondary stress can inhibit the production of defensive chemicals in trees, making them more susceptible to climate extremes. A lack of water can also make trees more vulnerable to insect and disease pathogens.

Established trees, although generally fine with normal precipitation, may need to be watered in extreme dry or hot periods. For more tips on keeping your trees properly watered contact Public Works.

Work Zone Safety Tips

For many workers, such as police officers, sales personnel, utility workers, truck drivers, construction workers, fire fighters and emergency personnel, the *office* is actually a vehicle. According to the American Society of Safety Engineers (ASSE), transportation accidents have been the leading cause of on-the-job deaths in the United States every year since 1992. In 2007 alone, 835 deaths resulted from motor vehicle crashes in U.S. road construction work zones.

Everyone plays a role in maintaining a safe work zone area during roadway construction. To keep these workers and others safe, ASSE members have developed safety tips for drivers passing through work zones. You are encouraged to do your part by following these important work zone standards:

- Keep your eyes on the road; minimize distractions, put your phone down and focus your attention on safely driving in work zones.
- Watch for and adhere to the orange, diamond-shaped warning signs or other electronic signs posted in advance of road construction work zones. Signs and work zone flaggers save lives.
- Drive carefully and slowly through the construction site; always obey the posted speed limits in the work zone area and maintain a steady speed. Watch for detours and lane diversions. Do not change lanes when in a work zone.
- Watch for construction workers, their equipment, and their vehicles as they move in and out of the roadway.
- Monitor how traffic ahead is flowing, watching for stopped or slowing traffic. Maintain appropriate speeds and do not tailgate. Resume normal posted speeds when safely out of the construction zone.
- Expect the unexpected; anticipate sudden, potential dangers.
- Use extra caution at night.
- Do not get distracted by looking at the work being done while moving through a construction zone.

Be advised that in most states penalties for speeding in these areas are double that of the normal penalties for speeding in a non-work zone stretch of road.

Reforestation Efforts Continue

The Village's reforestation efforts will continue in the fall, budget permitting, as we look to replace every tree that has been removed. If you have lost a parkway tree, you can expect to receive a notification from the Village once plans are made for replacement. Trees are being replaced in the order in which they were removed. In some cases, trees are not replaced until the following year.

Trees will still be hand-selected by Village staff at an Illinois nursery and planted/guaranteed for one year by a landscape contractor. Eight to ten different species are generally available per planting season. All requests for fall planting must be received at Public Works no later than August 1 of this year.

If you are interested in having a parkway tree planted, please contact Public Works.

Organics Collection Program

The Village's traditional yard waste collection program is now known as the Organics Program. The new name reflects the fact that in addition to collecting traditional yard waste, the Village is now accepting organic material such as fruits and vegetables.

All yard waste and organics material will be collected in unlimited quantities for no additional charge, but residents must provide their own rigid container or obtain one through the cart rental program for collection. **Organics Service will be provided from April through mid-December.** For more information contact Public Works or visit mountprospect.org/organics.

Guidelines for Storing Refuse and Organics Carts

Refuse carts and yard waste containers may be stored in your garage, or on the side or back of your property. Storing carts in front of your home or garage is not allowed under Village code and doing so may result in a citation being issued.

For residents who live on a corner lot, if you are storing your carts on the side of your house that faces the adjacent street, the materials must be shielded by bushes or a fence.

You may place your cart at the end of your driveway the night before your collection day beginning at 4:30 pm. Carts should be placed back into their storage position the day of collection after the refuse trucks have come through. Do not leave them out overnight after your pick-up day.

If you live in a multi-family townhome, check with your association for further restrictions on cart storage.

Secure Document Destruction Event

As a courtesy to residents who have sensitive documents such as medical records, tax forms, and bank statements to recycle, the Village, in partnership with the Solid Waste Agency of Northern Cook County (SWANCC), will be hosting a Document Destruction Event on Saturday, August 3. The event will take place at the Public Works Facility, 1700 West Central Road from 9:00 am to noon.

Paper documents must be brought to the event in either paper shopping bags or cardboard boxes; we cannot accept materials in plastic bags. There is a limit of six file-size boxes or paper shopping bags per vehicle. Paper clips and staples do not need to be removed, but please remove binders. Also, please have your ID ready, as staff will be checking each vehicle to confirm residency. Workers will help take paper out of vehicles and place in toter carts. The documents will then be loaded into a shredding truck and cross-shredded on site for baling and recycling.

No business or institutional waste will be accepted.

If you have any questions contact Public Works.

Fire Department

Beat the HEAT and Stay Healthy This Summer

With summer in full swing, it's more important than ever to beat the **H - E - A - T** with these important tips:

HYDRATE | Keep yourself hydrated even if you do not feel thirsty. Water is the best drink for you while caffeinated beverages and those with alcohol are not beneficial.

EDUCATE | Always be aware of the forecasts, temperature and heat index.

ACT QUICKLY | Seek immediate medical attention for any signs of a heat-related illness. Move immediately to a cool area whenever possible. Delays in seeking medical attention can be deadly.

TAKE IT EASY | Anyone working or exercising outdoors should avoid overexertion in hot weather and take frequent breaks in cool environments.

Watch for these symptoms of heat-related illness:

MINOR	MODERATE (CALL 911)	SEVERE (CALL 911)
Rash	Excessive perspiration	Confusion
Muscle cramping	Headache	Fainting
	Nausea/vomiting	Seizures
	Dizziness	Red, hot or dry skin
	Weakness	Very high body temperature
	Thirst	
	Irritability	
	Accelerated heart rate	

For more information, contact the Centers for Disease Control and Prevention at cdc.gov/extremeheat/warning.html

Grilling Safety

Did you know that July is the peak month for grill fires? Follow these simple tips and you will be on the way to safe grilling:

- Check the gas tank hose for leaks before using it for the first time each year by applying a light soap and water solution to the hose. A propane leak will release bubbles.
- The grill should be placed well away from the home, deck, railings and out from under eaves and overhanging branches.
- Keep children and pets at least three feet away from the grill area.
- Keep your grill clean by removing grease or fat buildup from the grills and in trays below the grill.

- Always make sure your gas grill lid is open before lighting it.
- When finished using a charcoal grill, let the coals completely cool before disposing in a metal container.
- The most important thing to remember is to never leave grilling unattended!

For more information regarding grilling fires or general fire safety, please contact the Mount Prospect Fire Prevention Bureau at 847.818.5253.

Police Department

Five-0 5K Run/Walk

Come run with the police department in the Five-0 5K! The 5K run/walk will be held on Saturday, July 27. The event will start at the police department, 112 East Northwest Highway at 8:00 am. Registration is \$25 for anyone 11 and over, and \$15 for those 10 and under. Registration and other information about the race can be found at <http://bit.ly/fiveo5k>.

Pool Party with the Police

Join the River Trails Park District and the Mount Prospect Police Department as they host a free pool party for kids with games, music and more. The event will take place at the Woodland Trails Pool, 1500 East Euclid Avenue on Thursday, July 25 from 6:30 to 9:00 pm.

Annual National Night Out on August 7

The Mount Prospect Police Department and the Mt. Prospect Park District will once again team up to sponsor the annual National Night Out celebration in our Village. The nationwide crime and drug prevention event will take place August 6 from 5:30 – 8:30 pm at the Veterans Memorial Band Shell in Lions Park, 411 South Maple Street.

Grab some dinner from one of the food trucks that will be on site, be a part of the children's donut eating contest, and enjoy an emergency vehicle show, demonstrations and live music.

Meet up with neighbors from across Mount Prospect as we strengthen community spirit and enrich police-community partnerships. For more information, call Officer Greg Sill at 847.870.5650.

Citizens Police Academy

The Mount Prospect Police Department is accepting applications for the Citizens Police Academy. The Academy is open to any Village resident at least 18 years of age who is free of any criminal history.

The Academy allows citizens to get a firsthand look at police operations and provides the opportunity to experience police work from the officer's point of view. Topics covered in the Academy will include traffic enforcement, crime scene processing, traffic crash investigation and criminal law. Academy students will also be allowed to make simulated traffic stops. Included is an evening for students to use the department's pistol range.

The Citizens Police Academy will begin September 9 and will continue for eleven consecutive Monday evenings through November 18. Classes take place from 6:30 to 9:30 pm at the Mount Prospect Police Department and various locations throughout the Village.

Applications for the Citizens Police Academy are available at the Police Department front desk and online at mountprospect.org/police. Applications are due by 9:00 am on August 26. If you have any questions regarding the Citizens Police Academy, please call Officer Greg Sill at the Mount Prospect Police Department, Crime Prevention Unit, at 847.870.5650.

Street of the Week Program

Mount Prospect police officers will concentrate their traffic enforcement efforts by implementing the Street of the Week program on designated roadways for one week periods. Here are the dates and the corresponding roadways for the program in the months ahead:

July 1-7 | Busse Road

July 8-14 | Euclid Avenue

July 15-21 | Lincoln Street

July 22-28 | Wolf Road

July 29-August 4 | Rand Road (Rt. 12)

August 5-11 | Central Road

August 12-18 | Northwest Highway (Rt. 14)

August 19-25 | Lonquist Blvd

August 26-September 1 | Elmhurst rd (Rt. 83)

Human Services

Medicinal Herbs Lecture Series

Join the Village Nurse this summer for informative sessions on medicinal herbs and their uses.

On July 15 at 7:00 pm, guest speaker Barbara Meagher DNP, CNM, a midwife and assistant professor at the University of Illinois at Chicago, will present *Medicinal Herbs in the Childbearing Years*. Call Human Services at 847.870.5680 to register.

Village Nurse Jill Heinking BSN, RN will present *Using Medicinal Herbs as We Age* at 1:30 pm on August 20. Both programs will take place at the Mount Prospect Library. Registration is available by calling the Library at 847.253.5675.

Medicare D Prescription Drug Open Enrollment

Open enrollment for Medicare D begins October 15 and will run through December 7. Every year brings changes in premiums, co-pays, deductibles and drugs covered for all drug plans, so being informed is critical. Senior Health Insurance Program (SHIP) volunteers and staff will use resources available on the Medicare website to help you determine the best plan for you for the upcoming year. They will also assess whether you are eligible for extra help with your plan premiums and co-pays. Anyone that would like assistance with enrolling or reviewing their current plan should call 847.870.5680 to obtain a worksheet so an appointment can be scheduled. There is limited availability for appointments so don't delay.

Back to School Supply Drive

The Human Services Department will again be collecting school supplies for children in grades K-12 for families in need. School supplies are being collected at the following sites from July 8 through August 2:

- VILLAGE HALL | 50 South Emerson
- POLICE AND FIRE ADMINISTRATION BUILDING LOBBY | 112 East Northwest Highway
- MOUNT PROSPECT PUBLIC LIBRARY | 10 South Emerson
- COMMUNITY CONNECTIONS CENTER | 1711 West Algonquin Road

Parenting Class

The Human Services Department will offer the Becoming a Love and Logic Parent® training course in September, in both English and Spanish. The Becoming a Love and Logic Parent® curriculum was developed by Jim Fay, Charles Fay, Ph.D., and Foster W. Cline, M.D., of the Love and Logic Institute, Inc., in Golden, Colorado. Call the Human Services 847.870.5680 or the Community Connections Center at 847.506.4930 for more information or to register.

July is Purposeful Parenting Awareness month and August is Back to School month. Please follow the Community Connections Facebook Page for information and resources about each topic.

Community Connections Center 10th Anniversary

The Community Connections Center will celebrate its 10 Year Anniversary this August. To recognize this milestone, the Center will host a celebratory event on Saturday, August 17, from 11:00 am to 2:00 pm. Join us for a fun event with food and activities for the whole family. For more information, please call the Community Connections Center at 847.506.4930.

2nd Saturday of each month 11am-3pm

Five-0 5K Run/Walk

Saturday | July 27 | 8 am
 MOUNT PROSPECT POLICE DEPARTMENT
 112 East Northwest Highway

Run with the police department in the Five-0 5K! Registration is \$25 for anyone 11 and over, and \$15 for those 10 and under. Registration and other information about the race can be found at <http://bit.ly/fiveo5k>.

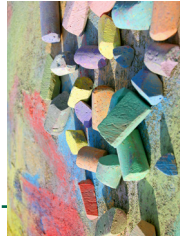

Talk & Chalk on Centennial Green

Saturday | July 13

9-11 am

CENTENNIAL GREEN
 AT VILLAGE HALL
 50 South Emerson Street

Come by for an

outdoors Meet and Greet with Village Trustees. Families are welcome! There will be a number of child-friendly activities. Designed to offer residents an opportunity to share questions, concerns, comments and ideas with the Board in an informal setting. For more information, please call the Village Manager's Office at 847.392.6000 or visit mountprospect.org.
