

Coronavirus (COVID-19) Update

As cases of coronavirus – COVID-19 – continue to increase, the Village is following the directions set forth by the State of Illinois to prevent further spread of the disease. In an effort to protect both our residents and employees, the Village has stayed in close contact with health officials and continues to monitor updates from the Centers for Disease Control, Illinois Department of Public Health and Cook County Department of Public Health. Please visit the “News” section of our Village website for regular updates:
