Holiday Decorating Contest winners are chosen by a team of Special Events Commission members who travel throughout the Village looking for those special decorations. All residents and businesses had to do was have their lights on to be considered for the contest.

This year, the Commission invited residents to vote on the Grand Prize winning house via Facebook. “The Special Events Commission is excited to change things up this year and have the Village residents participate in selecting the Grand Prize winner,” said event coordinator Haley Schecter. “This event encourages everyone to participate in a fun activity in a safe but still festive manner!”

Congratulations to all the winners and happy holidays!
