1700 W. Central Road, Mount Prospect, Illinois 60056

## 2023 SHARED COST SIDEWALK PROGRAM APPLICATION

The Village of Mount Prospect is conducting its annual "Shared Cost Sidewalk Program" for 2024. This program gives property owners the opportunity to replace their broken or displaced public sidewalk, and share the cost with the Village. The Village will hire a contractor to complete the work this summer. The work will include removing the old sidewalk, installing new concrete, and backfilling along the edges with topsoil where necessary. To help hold down the program costs, the Village requests the property owners to install grass seed along the edges as necessary. If the squares to be replaced are adjacent to a driveway, the contractor will repair only a portion of the driveway (1' typical width) if necessary. This does not include repair of brick or stamped concrete driveways, which is the property owners' responsibility. The cost to the property owner is **\$122.00** for a sidewalk square, which includes repairing the driveway, if applicable.

If you are interested in participating in this program, please complete the application form below. Return it along with your payment of **\$122.00** per sidewalk square to the Public Works Department. Applications will be accepted on a first-come, first-served basis until funding is exhausted. Checks should be made payable to the Village of Mount Prospect.

Please mark those sidewalk squares to be included in the program with a painted "X" by June 1, 2024. Also, if you have a sprinkler system or an electronic invisible fence near the marked squares, please mark it out, as well. While the contractor is not responsible for repairs, it will alert them of their presence and help to minimize any damage as much as possible. If you have any questions please contact Project Engineer Donna Brown at 847-870-5640.
