Village of Mount Prospect

50 South Emerson Street, Mount Prospect, Illinois 60056

May 12, 2014

The Honorable Arlene A. Juracek, Village President Members of the Board of Trustees Village Manager Michael E. Janonis, and Citizens of the Village of Mount Prospect, Illinois

The Comprehensive Annual Financial Report of the Village of Mount Prospect, Illinois for the fiscal year ended December 31, 2013 is submitted herewith. The report consists of management's representations concerning the finances of the Village of Mount Prospect. Also included in the report are the finances of the Mount Prospect Public Library, a component unit of the Village. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the Village.

To provide a reasonable basis for making these representations, management of the Village has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the Village of Mount Prospect's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the Village's comprehensive framework on internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. The Village has implemented GASB Statement No. 34, Basic Financial Statements – and Management Discussion and Analysis - for state and local governments, including infrastructure reporting. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Village's financial statements have been audited by Lauterbach and Amen LLP, a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Village of Mount Prospect for the year ended December 31, 2013, are free from material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded based upon their audit that there was a reasonable basis for rendering an unqualified opinion that the Village's financial statements for the fiscal year ended December 31, 2013 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Village's MD&A can be found immediately following the report of the independent auditors.

Profile of the Village of Mount Prospect

The Village of Mount Prospect, a home rule community as defined by the Illinois Constitution, was incorporated February 3, 1917 and is located 22 miles northwest from downtown Chicago in Cook County. The Village currently has land area of 10.3 square miles and a population of 54,167.

The Village operates under the Council/Manager form of government. Policymaking and legislative authority are vested in the Village Board, which consists of a Mayor and six-member Board of Trustees. The Village Board is responsible for, among other things, passing ordinances, adopting the budget, appointing committee members and hiring the Village Manager and Village Attorney. The Village Manager is responsible for carrying out the policies and ordinances of the Village Board, for overseeing the day-to-day operations of the Village, and for appointing the heads of the Village's departments. The Board is elected on a non-partisan basis. Board members are elected to four-year staggered terms with three Board members elected every two years. The Mayor is elected to a four-year term. The Mayor and Village Trustees are elected at large. The Village provides a full range of services including police, fire, public works (including water and sewer), human services, finance, community development and television services.

The annual budget serves as the foundation for the Village's financial planning and control. All departments of the Village are required to submit their budget requests to the Finance Director by mid-August each year. Revenue estimates are completed by the Finance Department in preparation for departmental budget reviews with the Village Manager and Finance Director in early September. Initial budget requests are compiled by the end of September. A proposed budget is prepared and delivered to the Village Board and Finance Commission in early October. The proposed budget is also made available for public inspection in the Village Clerk's Office, on the village website and at the Mount Prospect Public Library. A series of meetings are held with the Finance Commission along with hearings before the Village Board at two (2) Committee of the Whole meetings in late October and early November. The Village Board is required to hold a public hearing on the proposed budget and to adopt a final budget no later than December 31st of each year, the close of the Village's previous budget year. The budget is prepared by fund and by department. Budget amendments require approval of the Village Board. Budget-to-actual comparisons are provided for each individual governmental fund for which an appropriated annual budget has been adopted. For the General Corporate Fund and major special revenue funds, this comparison is presented in the required supplementary information. For governmental funds, other than the General Corporate Fund, with appropriated annual budgets, this comparison is presented in the non-major governmental fund subsection of this report.

Major Initiatives

The Village staff, following directives of the Village Board and the Village Manager, has been involved in a variety of projects throughout the year; projects which reflect the Village's commitment to ensuring that its citizens are able to live and work in an enviable environment. Also included in this section are any other major activities of note that occurred during the year. The most significant of these projects and activities are discussed below:

- The Village's STREET IMPROVEMENT PROGRAM saw approximately six miles of local streets resurfaced at a cost of \$490,000 per mile. It should be noted that due to dwindling revenues we currently have a 13.3 mile backlog of streets in need of resurfacing at an estimated cost of \$7 million. During the budget process for 2014, the Village Board approved a street funding plan developed by the Finance Commission to address the resurfacing backlog and provide sufficient funding of the annual street program. Funding in 2014 will come from a \$0.02 increase in the local motor fuel tax and reallocation of vehicle sticker revenue (\$1.3 million) made possible by an increase in the direct charge for refuse collection, and reserves in the Street and Refuse Funds.
- Another road construction project completed was the Kensington Road Reconstruction Project. The improvements included: complete removal of the existing pavement and reconstruction of the roadway, installation of curb and gutter, construction of a continuous center left turn lane, elimination of roadside ditches by constructing storm sewers, sidewalk installation along the north side of the right-of-way, continuous street lighting, and addition of a right turn lane from eastbound Kensington to Elmhurst Road. A right turn lane was also added from westbound Kensington to Rand Road. The total project cost was \$3,300,000, utilizing federal and state funding with a Village cost of \$190,000. Following completion of the project, the jurisdiction of the roadway will transfer from IDOT to the Village of Mount Prospect.

- The Village completed the first year of an eight year program to rehabilitate each of the eight sanitary sewer relief stations located along Weller Creek. The relief stations are used to provide relief to the Village sanitary sewer system when MDRWGC interceptor sewers become surcharged. In 2013, George Street North relief station was replaced with a new pump station including the installation of new pumps, guide rails and controllers, along with all associated wiring and other electrical control equipment. The total project cost is projected to be approximately \$180,000.
- 2013 saw the completion of the ninth year of a 10-year commitment to rehabilitate approximately 260,000 LF of COMBINED SEWER MAINS ranging in size from 8" to 72" diameter. As part of this year's effort, over 5,900 linear feet of combination sewer were repaired using the cured-in-place (CIPP) lining process. In addition, approximately 303 linear feet of severely failed (Category 3) combination sewer pipe was excavated and replaced. In total, during the first nine years of this program 76,891 linear of feet of pipe has been lined and 1,460 linear feet of pipe has been replaced. One hundred percent of all Category 4 and 5 defects and 30% of category 3 defects have been repaired to date. Total water and sewer funds expended during 2013 are projected to be approximately \$765,000.
- The Village began addressing FLOOD CONTROL through a \$10 million bond sale to fund public flood control improvements that were identified by a comprehensive flood study that grew out of the 2011 flooding events. This bond sale did not add any additional tax burden to the residents since the new bonds replaced debt supported with existing revenues.
- 2013 was another devastating year for the Village's URBAN FOREST. A myriad of threats continued to converge during the year resulting in a dramatic number of parkway tree removals. During the year, 1,077 Village-owned trees were lost to Dutch Elm Disease, Elm Yellows, Emerald Ash Borer, other diseases, and natural decline. Historically, only about 400 trees are lost in a typical year. Through efficient utilization of resources and tight fiscal management, the Village has been able to keep pace with the increased volume of removals. In addition, due to the availability of Village funds and low market prices, the Village was able to plant 995 replacement trees one of our largest plantings ever.
- In addition to fighting the advancement of EAB, the Village was hit by a severe thunderstorm on the evening of July 19. The storm featured winds in excess of 55 mph resulting in the damage of 592 Village-owned trees; 35 requiring complete removal. Public Works crews spent a week of 12-hour days clearing debris and performing house-to-house collection of limbs and brush in the wake of the storm.
- The Forestry division updated the Village's Urban Forest Management Plan. In 2012 the Village was awarded grant funding to update the Village's 1993 Urban Forest Management Plan. Consultants from Urban Forestry LLC worked with staff to develop the new plan. The plan examines the past, present and future of the Village's urban forest management activities. In addition, the plan details the current condition of the Village's urban forest and identifies challenges expected in the future.
- Severe weather did once again visit the Village by way of record setting flood events that occurred between April 17 and 23. During the early morning hours of April 17 and 18, the Village received approximately 5.55" of rain in a five hour window combined with significant rainfall in southern Wisconsin resulting in the record crest of the Des Plaines River at 10.92 feet on April 19. Public Works crews, with only a few hours' notice, worked through the early morning hours of April 18 to construct a 600 foot temporary floodwall to hold back the rising waters of the Des Plaines River. Public Works' efforts were successful in preventing catastrophic flooding in the New Town Subdivision (Northeast portion of Mount Prospect). In addition to the river flooding the rain caused a number of State and local roads to be impassable for several hours. Fortunately, by the end of the day the sewer system was able to recover and most flood waters had subsided. Nonetheless, over 160 homes and businesses reported flooding on April 18. The total estimated cost of the flood was \$181,924. No Federal assistance was received.
- The FIRE DEPARTMENT saw significant staffing changes in 2013 with the retirement of the Deputy Chief, the succession plan worked seamlessly with the internal promotion of a new Deputy Chief and a new Battalion Chief. The department also conducted a Lieutenant promotional exam to establish an eligibility list, replaced office furniture in the fire administration offices, and instituted a new web based roster program. The fire prevention bureau received a Federal Emergency Management Agency (FEMA), Fire Prevention and Safety Grant, for \$29,425. The grant will provide free smoke alarms for seniors, 65 and older, in over 350 homes.

- On the ECONOMIC DEVELOPMENT front, activity is starting to pick up. Randhurst is completed and is actively leasing. Among the increased leasing activity at Randhurst include the restaurant's Black Finn, E&O, and Panera coming on line this year. Other significant developments include: Caremark occupied/opened a 180,000 square foot distribution facility on the south end of the Village, Aldi's relocations and expansion, Ross Dress for Less, LA Fitness all opened at the Mount Prospect Plaza, Fresh Thyme grocery is taking over the former Sport Authority location filling a vacant big box location and the opening of Chick-Fil-A across from Randhurst.
- The COMMUNITY CONNECTION CENTER (CCC) celebrated its 4th anniversary in August 2013. First opened in August 2009, the CCC is a collaborative effort by the Village (Human Services and Police), the Mount Prospect Public Library and a number of education and social services agencies to bring much needed social, educational and cultural services to an area of town with a high concentration of low/moderate income families and many recent immigrants. Since its opening, requests for assistance from constituents has been in the high six figures. The Human Services and Police Departments have worked diligently in the last year to enhance their partnership. Patrol Officers continue to make referrals through the Community Connection Center to the Human Services police social worker with the goal of preventing future criminal activity.
- The POLICE AND FIRE DEPARTMENTS continued to focus on their respective core missions and transitioned to a new digital radio system as part of the Northwest Central Dispatch System (NWSDS) of which Mount Prospect is a member. The Police Department conducted a new hire test to establish an eligibility list for patrol officers. The Police Department also transitioned to a new and technologically improved mobile video recording system for all of its patrol vehicles to record traffic stops.
- ENTERPRISE RESOURCE PLANNING (ERP) software system implementation has been completed for the most part with all major modules in full operation. The Utility Management (water/sewer and refuse billing) module went live in January 2013 which will improve business process efficiency. Additionally, staff continues to work closely with New World Systems to bring improvements to their suite of software, including upgrades to the Community Development module, improved mobility features, and enhanced online permitting and licensing. Related to the project, the Village continues to participate in the Illinois local-users group. The users group meets regularly throughout the year with other municipalities to help each other address business process needs using the software, as well as advocate for software suggestions and address unresolved issues.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Village operates.

Local economy. The Village experienced a slight return in 2013 from the slowdown in the housing market and weak economy in general. There are a number of factors that influence the economy of a specific community, and various measures are used to gauge the economic outlook. Perhaps four of the most objective measures are the level of retail sales, the employment level of the community, income levels in the community and building activity. In Illinois, sales taxes are allocated based upon the point-of-sale, and accordingly represent the sales in the community. Total sales tax receipts in the calendar year ended December 31, 2013 were \$12,342,154 compared to \$11,040,403 for the previous year, an increase of 11.8%. The increase from the prior year is due to strong growth in the drug, miscellaneous and other sales categories. Since the Village's portion of sales tax receipts is based on a 1% tax rate, these receipts represent total retail sales of approximately \$1.2 billion for 2013. The Village projects that this revenue source will increase 3.0% - 5.0% during 2014 and 2015. The Village will continue its efforts in the area of economic development and is optimistic that retail sales will grow over the next few years. The completed redevelopment of Randhurst Village (formerly Randhurst Mall) into a more vibrant and attractive retail center will help in this area.

Mount Prospect's average unemployment rate for 2013 was 6.7%. This was a slight increase from the prior year of 10 basis points (6.6% in 2012). While other areas of the local economy have showed signs of improvement, similar gains in the unemployment rate have not materialized. The unemployment rate for the State of Illinois increased 30 basis points from 8.9% to 9.2% during the same period. Mount Prospect's median family income, \$67,823 as of the 2010 Census (using 5-year estimates), was 25% higher than the median for Cook County (\$53,942) and 21% higher than the median for the State of Illinois (\$55,735).

In a suburban setting where it is often difficult to distinguish the boundaries of one community from a neighboring community, the economic activity of the "region" is a major influence on the economies of the individual communities. The Village of Mount Prospect is located on the eastern edge of the "Golden Corridor" which extends along Interstate 90 from O'Hare Airport to Elgin, a stretch of approximately 25 miles. Along this corridor can be found the corporate headquarters of such corporations as Sears and Motorola. The corridor is also home to regional headquarters for such corporations as AT&T and Siemens. The Corridor will continue to grow, as thousands of acres remain available for development on its far western edge.

Long-term financial planning. In 2003, the Village conducted its first long-range financial planning workshop. The workshop was held in response to the slowing economy and its impact to the Village's financial condition. The goal of the workshop was to put the Village's financial condition back on firm ground in such a manner as to not overburden residents and businesses from a tax standpoint or reduce the scope and quality of municipal services that would jeopardize the livability and curb appeal of the community. The goal of the workshop was accomplished through a series of revenue enhancements, budget cuts and the planned drawdown of fund balance. Subsequent workshops were held in 2004, 2005 and 2007 - 2013. During the 2013 workshop, financial status reports were provided for end-of-year results for 2012, updated projections for 2013 and a revised forecast for 2014.

Another tool in managing the long-range finances of the Village is the Five-Year Capital Improvement Plan. This plan outlines the major capital expenditure/project initiatives of the Village over the next five years and identifies funding sources. Over the next five years (2014-2018), the Village has identified \$56.9 million in water and sewer, flood control, street, public building, equipment and other miscellaneous capital projects.

Awards. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Mount Prospect for its comprehensive annual financial report for the year ended December 31, 2012. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report (CAFR) whose contents conform to program standards. Such CAFR must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. The Village of Mount Prospect has received a Certificate of Achievement since 1983. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA for evaluation.

In addition, the Village of Mount Prospect also received the Government Finance Officers Association's Award for Distinguished Budget Presentation for its annual budget for the fiscal year beginning on January 1, 2013 and ending December 31, 2013. In order to qualify for the Distinguished Budget Presentation Award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. The Village of Mount Prospect has received this award each year since 1994. The Village is awaiting word as to whether it received the Budget Award for its 2014 Budget document.

Acknowledgements

The preparation of this report on a timely basis could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I would like to express special appreciation to Lynn Jarog, Deputy Finance Director, Tricia Farkas, Accounting Supervisor and Accountants Nancy Warnock and Daxa Patel who contributed greatly to its preparation. Additionally, I would like to acknowledge the Mayor, the Board of Trustees, the Finance Commission and the Village Manager for their leadership and support in planning and conducting the financial affairs of the Village in a responsible and progressive manner.

Respectfully submitted,

CERTIFIED PUBLIC ACCOUNTANTS INDEPENDENT AUDITORS' REPORT

May 12, 2014

The Honorable Village President Members of the Board of Trustees Village of Mount Prospect, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Village of Mount Prospect, Illinois, as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Village's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Village of Mount Prospect, Illinois, as of December 31, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Village of Mount Prospect, Illinois May 12, 2014 Page 2

Other Matters

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Mount Prospect, Illinois', financial statements as a whole. The introductory section, combining and individual fund financial statements and schedules, supplemental schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual fund financial statements and schedules and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated May 12, 2014, on our consideration of the Village's internal control over financial reporting and on our tests of its compliance with certain provision of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Village's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

For Fiscal Year Ended December 31, 2013

The Village of Mount Prospect (the "Village") Management's Discussion and Analysis is designed to (1) assist the reader in focusing on significant issues, (2) provide an overview of the Village's financial activity, (3) identify changes in the Village's financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget), and (5) identify individual fund issues or concerns.

Since the Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the Transmittal Letter (beginning on page iii), and the Village's financial statements (beginning on page 3).

USING THE FINANCIAL SECTION OF THIS COMPREHENSIVE ANNUAL FINANCIAL REPORT

The primary focus of local governmental financial statements has been to summarize fund type information on a current financial resource basis. This approach has been modified by Governmental Accounting Standards Board (GASB) Statement No. 34. As a result, these financial statements now present two kinds of statements, each with a different snapshot of the Village's finances. The new financial statement's focus is on both the Village as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year to year or government to government) and enhance the Village's accountability.

Government-Wide Financial Statements

The government-wide financial statements (see pages 3-6) are designed to be corporate-like in that all of the governmental and business-type activities are consolidated into columns that add to a total for the Primary Government. The focus of the Statement of Net Position (the "Unrestricted Net Position") found on pages 3 and 4 is designed to be similar to bottom line results for the Village and its governmental and business-type activities. This statement combines and consolidates the governmental fund's current financial resources (short-term spendable resources) with capital assets and long term obligations using the accrual basis of accounting and economic resources measurement focus.

The Statement of Activities (see pages 5-6) is focused on both the gross and net cost of various activities (including governmental and business-type), which are supported by the government's general taxes and other resources. This is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or subsidy to various business-type activities.

The governmental activities reflect the Village's basic services, including police, fire, public works, and administration. Property taxes, sales and income taxes and local utility taxes finance the majority of these services. The business-type activities reflect private sector type operations (water, sewer, and parking operations), where the fee for service typically covers all or most of the cost of operation, including depreciation.

Fund Financial Statements

Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is on major funds rather than (the previous model's) fund types.

The Governmental Major Fund (see pages 7-12) presentation is organized on a sources and uses of liquid resources basis. This is the manner in which the financial plan (the budget) is typically developed. The flow and availability of liquid resources is a clear and appropriate focus of any analysis of a government. Funds are established for various purposes and the Fund Financial Statement allows the demonstration of sources and uses and/or budgeting compliance associated therewith.

VILLAGE OF MOUNT PROSPECT, ILLINOIS MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

The Fund Financial Statements also allow the government to address its Fiduciary Funds (Police and Firefighters' Pension Funds). While these funds represent trust responsibilities of the government, these assets are restricted in purpose and do not represent discretionary assets of the government. Therefore, these assets are not presented as part of the Government-Wide Financial Statements.

While the Business-type Activities column on the Proprietary Fund Financial Statements (see pages 13-16) is the same as the Business-type column on the Government-Wide Financial Statement, the Governmental Funds total column requires a reconciliation because of the different measurement focus (current financial resources versus total economic resources) which is reflected on the page following each statement (see pages 9 and 12). The flow of current financial resources will reflect bond proceeds and interfund transfers as other financial sources, as well as capital expenditures and bond principal payments as expenditures. The reconciliation will eliminate these transactions and incorporate the capital assets and long-term obligation (bonds and others) into the Governmental Activities column (in the government-wide statements).

Infrastructure Assets

Historically, a government's largest group of assets (infrastructure – i.e. roads, bridges, storm sewers, etc.) have not been reported nor depreciated in governmental financial statements. This new statement requires that these assets be valued and reported within the Governmental Activities column of the Government-wide Statements. Additionally, the government must elect to either (1) depreciate these assets over their estimated useful life or (2) develop a system of asset management designed to maintain the service delivery potential to near perpetuity. If the government develops the asset management system (the modified approach), which periodically (at least every third year), by category, measures and demonstrates its maintenance of locally established levels of service standards, the government may record its cost of maintenance in lieu of depreciation. The Village of Mount Prospect has chosen to depreciate assets over their useful life. If a road project is considered maintenance - a recurring cost that does not extend the road's original useful life or expand its capacity - the cost of the project will be expensed. An "overlay" of a road will be considered maintenance whereas a "rebuild" of a road will be capitalized.

GOVERNMENT-WIDE STATEMENTS

Statement of Net Position

The Village's combined net position for the Primary Government (which is the Village's bottom line) as of December 31, 2013 was \$109.8 million. This was a decrease in net position of \$0.6 million from 2012. Net position of the Village's governmental activities were \$75.4 million, a decrease of \$1.6 million. The Village's unrestricted net position for governmental activities, the part that can be used to finance day-to-day operations, were \$24.2 million down \$0.8 million from the 2012 unrestricted net position total of \$25.0 million.

Table 1 reflects the condensed Statement of Net Position. For more detailed information see the Statement of Net Position found on pages 3-4. Table 2 focuses on the changes in net position of the governmental and business-type activities.

(This space is intentionally left blank.)

Table 1 Statement of Net Position as of December 31, 2013 (in millions)

| | Governmental Activities | | Business-type <u>Activities</u> | <u>Total</u> |
|--|---|---|---|------------------------|
| Current and other assets Capital assets Total assets | \$\frac{2013}{65.1} \frac{73.8}{138.9} | \$\frac{2012}{\$53.4} \frac{75.6}{\$129.0} | 2013 2012 \$ 9.1 \$ 8.2 26.4 26.6 \$ 35.5 \$ 34.8 | 5 100.2 102.2 |
| Current liabilities/deferred inflows Noncurrent liabilities Total liabilities/deferred inflows | \$ 25.5 38.0 \$ 63.5 | \$ 22.9 29.1 \$ 52.0 | \$ 0.9 \$ 1.2 0.2 0.2 \$ 1.1 \$ 1.4 | 29.3 |
| Net Position Net investment in capital assets Restricted net position Unrestricted net position Total net position | \$ 48.2 3.0 24.2 \$ 75.4 | \$ 48.5 3.5 25.0 \$ 77.0 | \$ 26.4 \$ 26.6 | 3.0 3.5 3 32.2 31.8 |

Normal Impacts

There are six basic (normal) transactions that will affect the comparability of the Statement of Net Position summary presentation.

Net results of activities - which will impact (increase/decrease) current assets and unrestricted net position.

Borrowing for capital - which will increase current assets and long-term debt.

<u>Spending borrowed proceeds on new capital</u> - which will reduce current assets and increase capital assets. There is a second impact, an increase in invested in capital assets and an increase in related net debt which will not change the invested in capital assets, net of debt.

<u>Spending of nonborrowed current assets on new capital</u> - which will (a) reduce current assets and increase capital assets and (b) will reduce unrestricted net position and increase invested in capital assets, net of debt.

<u>Principal payment on debt</u> - which will (a) reduce current assets and reduce long-term debt and (b) reduce unrestricted net position and increase invested in capital assets, net of debt.

Reduction of capital assets through depreciation - which will reduce capital assets and invested in capital assets, net of debt.

Current Year Impacts

Only slight changes were seen in governmental and business-type activities from 2012. Governmental activities net position decreased \$1.6 million while the business-type activities net position increased by \$1.0 million. The governmental activities total assets increased by \$9.9 million and the governmental activities total liabilities/deferred inflows increased by \$9.5 million. The total assets increase of \$9.9 million in governmental activities was the result of an increase of \$11.7 million in current and other assets and a decrease of \$1.8 million in capital assets. The \$11.7 million increase in current assets was due to an increase in cash and investments of \$10.3 million, an increase in property tax receivables of \$0.9 million, and an increase in other assets of \$0.5 million. Bond proceeds accounted for almost the entire increase in cash and investments; accumulated depreciation accounted for the decrease in capital assets. The total net position increase of \$1.0 million in business-type activities was primarily due to an increase in cash and investments of \$1.2 million and a reduction in non-current assets of \$0.2 million.

VILLAGE OF MOUNT PROSPECT, ILLINOIS MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

The increase in total liabilities of \$11.5 million for the governmental activities was primarily due to an increase in liabilities related to general obligation debt service of \$8.8 million, deferred property taxes of \$0.9 million and accounts payable of \$1.8 million. Liabilities for debt service increased due to the issuance of bonds for capital improvements. Changes in the other categories resulted in the timing related to the normal course of operations.

Liabilities for business-type activities decreased from \$1.4 million to \$1.1 million. This was due to an increase in the accounts payable category.

Changes in Net Position

The Village's combined change in net position for the primary government in 2013 was a decrease of \$0.6 million. Activities for the governmental activities saw a decrease in net position of \$1.6 million from 2012, while activities for the business-type funds saw an increase in net position of \$1.0 million in 2013 versus an increase of \$1.3 million in 2012. The change in combined net position in the prior year was a decrease of \$2.4 million. The following chart lists the revenues and expenses for the current and prior fiscal years.

(This space is intentionally left blank.)

Table 2 Changes in Net Position as of December 31, 2013 (in millions)

(Note: There will be some slight differences in totals due to rounding).

Normal Impacts

There are eight basic impacts on revenues and expenses and are reflected below.

Revenues:

<u>Economic condition</u> - This can reflect a declining, stable or growing economic environment and has a substantial impact on state income, sales and utility tax revenue as well as public spending habits for building permits, elective user fees and volumes of consumption.

<u>Increase/decrease in Village approved rates</u> - While certain tax rates are set by statute, the Village Board has significant authority to impose and periodically increase/decrease rates (water, sewer, licenses and fees, home rule sales tax, utility taxes, etc.).

<u>Changing patterns in intergovernmental and grant revenue (both recurring and non-recurring)</u> - Certain recurring revenues (state shared revenues, etc.) may experience significant changes periodically while non-recurring (or one-time) grants are less predictable and often distorting in their impact on year-to-year comparisons.

<u>Market impacts on investment income</u> - The Village's investment portfolio is managed using a short-term average maturity and the market condition may cause investment income to fluctuate less than alternative longer-term options.

Expenses:

<u>Introduction of new programs</u> - Within the functional expense categories (Public Safety, Public Works, General Government, etc.) individual programs may be added or deleted to meet changing community needs or unfunded mandates from other governmental levels.

<u>Increase/Decrease in authorized personnel</u> - Changes in service demand may cause the Village Board to increase/decrease authorized staffing levels. Staffing costs (salary and related benefits) represent approximately 80% of the Village's General Fund operating costs.

<u>Salary increases (annual adjustments and merit)</u> - The ability to attract and retain human and intellectual resources requires the Village to strive for a competitive salary range position in the marketplace. In addition, the Village has 4 separate bargaining units representing various segments of the employee population.

<u>Inflation</u> - While overall inflation appears to be reasonably low, the Village is a major consumer of certain commodities such as supplies, fuels and parts. Some specific areas may experience unusually high price increases.

CURRENT YEAR IMPACTS

Governmental Activities

Revenue:

Total revenues for the Village's Governmental Activities for 2013 were \$61.9 million.

Property taxes are the largest revenue source for governmental activities accounting for \$18.9 million or an increase of \$0.5 million from the prior year. This revenue has historically been the most stable source for the Village. Sales tax was the second highest revenue source with \$18.3 million in revenue. This was an increase of \$1.7 million from the prior year. The increase was due primarily to the gradual improving economy and additional new retail coming on line. The sales tax consists of a 1.0% state portion and 1.0% local home-rule portion. There was a slight increase of \$0.4 million in revenues from grants. The income tax increased \$0.5 million as state shared revenues saw slight growth during this period.

VILLAGE OF MOUNT PROSPECT, ILLINOIS MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

Governmental Activities (cont.)

Expenses:

Total expenses for the Village's Governmental Activities for 2013 were \$63.5 million.

Public Safety, which includes Police and Fire, accounts for the largest portion of governmental expenses. Total Public Safety expenses in 2013 were \$29.8 million, an increase of \$1.6 million from 2012. Expenses for Highways and Streets, which are made up of the public works divisions (excluding water and sewer) is the second largest category of governmental expenses totaling \$18.6 million an increase of \$2.7 million from the prior year. The increase is primarily due to expenses related to capital projects.

Business-Type Activities

Revenues:

Total revenues for the Village's Business-Type Activities for 2013 were \$13.4 million.

Business-type activities in the Village consist of Water and Sewer Operations and Parking Operations. Charges for service accounts for almost the entire amount of revenue for business-type activities. Of the \$11.7 million generated in 2013, \$8.5 million is from water sales, \$2.8 million is from sewer fees and charges, \$0.2 million is from parking operations and the balance is from various penalties, tap and meter fees. For 2012, water sales accounted for \$7.9 million and sewer fees were \$2.9 million. The Water and Sewer Fund also receives special service area taxes in the amount of \$1.5 million. This amount is unchanged from the prior year. These taxes support the delivery of Lake Michigan Water to Village residents that are connected to the Village's water system.

Expenses:

Total expenses for the Village's Business-Type Activities for 2013 were \$12.4 million.

Of the total expenses for business-type activities, \$12.1 million is attributable to Water and Sewer while \$0.3 million is attributable to parking. \$5.3 million in Water and Sewer Fund expenses were for the acquisition of water through the Northwest Suburban Municipal Joint Action Water Agency (JAWA). In comparison, of the \$11.4 million in expenses for 2012, \$4.6 million were attributable to the acquisition of water through JAWA.

FINANCIAL ANALYSIS OF THE VILLAGE'S GENERAL FUND

The General Fund is the Village's primary operating fund. It supports a majority of the day-to-day services delivered to its residences and businesses. The fund balance of the General Fund saw a slight increase of \$0.3 million in 2013 from \$11.6 million to \$11.9 million. In 2013, General Fund revenues came in slightly above the final budget by \$0.3 million while expenditures and net transfers came in \$1.0 million under budget. The final Village budget had anticipated a decrease in the General Fund fund balance of \$0.6 million.

Intergovernmental revenues were above budget by \$0.3 million primarily due to a growth in sales taxes. Actual sales tax receipts for 2013 came in \$0.3 million above the final budget. No other significant deviations were seen in revenues during 2013.

General Fund Budgeting Highlights

During 2013, the Village amended the budget four times. Table 3 below reflects the original and revised budget and the actual revenues and expenditures for the General Fund. More information can be found in the schedule of revenues, expenditures and changes in fund balance on page 74.

Table 3

Other Major Funds

There are three (3) other Major Funds for Fiscal Year ended December 31, 2013. These three Funds are 1) Refuse Disposal Fund, 2) Debt Service Fund, and 3) Flood Construction Fund.

Refuse Disposal Fund — This Fund coordinates the Village's comprehensive municipal solid waste program. Total revenues for 2013 were \$4.4 million, a decrease of \$0.1 million from the prior year. Of this total revenue amount, \$1.8 million is from property taxes and \$2.6 million is from charges for services. Total expenditures for 2013 were \$4.3 million, no change from the prior year. Ending fund balance grew \$0.1 million to \$2.4 million.

Debt Service Fund — This Fund is used to accumulate monies for payment of principal and interest on general obligation bonds and other borrowings. Total revenues for 2013 were \$2.4 million, no change from the prior year. Of this total revenue amount, \$2.4 million is from property taxes and less than \$0.1 million is from miscellaneous revenue. Total expenditures for 2013 were \$2.5 million, an increase of \$0.1 from the prior year. Ending fund balance was unchanged at \$0.1 million.

Flood Control Construction Fund – This Fund is used to account for the resources directed towards implementing flood control projects throughout the village. Total revenues for 2013 were \$0.7 million. There were also bond proceeds totaling \$9.8 million. Total expenditures for 2013 were \$2.4 million. Ending fund balance is \$11.7 million. Flood control projects planned for 2014 are expected to draw down the entire amount of fund balance.

VILLAGE OF MOUNT PROSPECT, ILLINOIS MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

Capital Assets

At the end of 2013, the Village had a combined total of \$99.8 million invested in a broad range of capital assets including village facilities, roads, bridges, water/sewer lines and machinery and equipment (see Table 4 below). The following reconciliation summarizes the changes in Capital Assets.

Table 4
Capital Assets at Year End
Net of Depreciation (in millions)

| | Governmental <u>Activities</u> | | | Busine Acti | • | Total Primary Government | | | | | | |
|-------------------------------|--------------------------------|------|----|----------------|----|--------------------------|----|---------|----|-------|----|-------|

Table 5 above shows the change in capital assets during 2013. This year's major additions to the capital assets include the following (in millions):

Governmental Activities

Storm Water System Improvements - \$2.0 Vehicles for Public Safety and Public Works - \$0.8 Kensington Road Improvements - \$0.4

Business-Type Activities

No significant additions to capital assets during 2013.

More detailed information on capital asset activity can be found in Note 3 of the notes to the financial statements beginning on page 37.

Debt Outstanding

The Village of Mount Prospect had total long-term debt and loans payable of \$40.5 million as of December 31, 2013. Long-term debt is comprised of general obligation debt, compensated absences to employees, net pension obligation and other post-employment benefits (OPEB), and loans payable. During the year, \$10.8 million of general obligation debt and notes payable were issued, \$1.0 million of general obligation debt was retired; \$0.6 million in notes payable was retired while compensated absences increased by \$0.4 million. In addition, the net pension obligation and OPEB increased a combined \$0.4 million.

The Village of Mount Prospect maintains an AA+ rating from Standard and Poor's. As a home rule authority, the Village of Mount Prospect does not have a legal debt limit.

More detailed information on long-term debt activity can be found in Note 3 of the notes to the financial statements beginning on page 41.

VILLAGE OF MOUNT PROSPECT, ILLINOIS MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

Economic Factor's and Next Year's Budget

The General Fund, the Village's main operating fund, ended with a surplus for calendar year 2013. The \$0.3 million surplus maintains the fund balance at the 25% benchmark set by the Village Board. Total village revenues for 2013 continue to see positive, albeit slight, increases from the prior year. Deliberate budgetary measures involving both revenues and expenditures have allowed the Village to maintain a strong financial condition through several lean years following the significant downturn in the economy that started at the end of 2008. Continuing challenges in 2014 and years to come include rising personnel related costs (wages insurance, etc.) and the funding of the public safety pensions. Approximately 80% of the operating budget is made up of these personnel and related costs.

The Village's average unemployment rate for 2013 was 6.7%. This is below the state unemployment rate of 9.2% and equal to the national unemployment. The Village's unemployment rate increased 10 basis points from the prior year.

The 2014 Budget represents a 13.5% increase from the amended 2013 Budget and totals \$116.9 million. The General Fund increased \$0.1 million, or 0.3% from the prior year. The Village's Operating Budget (that part which funds the Village's day-to-day operations) shows an increase of 1.4% and totals \$62.0 million. The Operating Budget includes all General Fund expenditures as well as refuse disposal, water and sewer service, and various special revenue activities.

Request for Information

This financial report is designed to provide a general overview of the Village of Mount Prospect's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to David O. Erb, Finance Director/Treasurer, Village of Mount Prospect, 50 South Emerson, Mount Prospect, Illinois 60056.

BASIC FINANCIAL STATEMENTS

The basic financial statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

Governmental Funds

Proprietary Funds

Fiduciary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities - Governmental Activities

For the Fiscal Year Ended December 31, 2013

| Net Change in Fund Balances - Total Governmental Funds | \$ | 8,023,022 |
|--|-----------|-------------|
| Amounts reported for governmental activities in the Statement of Activities are different because: | | |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. | | |
| Capital Outlays | | 2,431,115 |
| Depreciation Expense | | (4,110,167) |
| Depresiation Expense | | (., , , |
| The issuance of long-term debt provides current financial resources to | | |
| governmental funds, while the repayment of the principal on long-term | | |
| debt consumes the current financial resources of the governmental funds. | | |
| Additions to Compensated Absences Payable | | (360,489) |
| Additions to Net Pension Obligation Payable | | (68,956) |
| Deductions to Net Pension Asset | | (97,328) |
| Additions to Net Other Post-Employment Benefit Obligations | | (286,926) |
| Amortization of Premium on Refunding | | 6,227 |
| Issuance of General Obligation Bonds Payable | | (9,800,000) |
| Retirement of General Obligation Bonds Payable | | 945,000 |
| Retirement of Loan Contracts Payable | | 592,312 |
| Retirement of Loan Contracts Payable | | 372,312 |
| Changes to accrued interest on long-term debt in the Statement of Activities | | |
| do not require the use of current financial resources and, therefore, are not | | |
| reported as expenditures in the governmental funds. | | (108,682) |
| | | , , , |
| Internal service funds are used by the Village to charge the costs of vehicle and equipment | [| |
| management and employee compensated absences to individual funds. | | |
| The net revenue of certain activities of internal service funds is | | |
| reported with governmental activities. | | 1,166,637 |
| | | |
| Changes in Net Position of Governmental Activities | <u>\$</u> | (1,668,235) |

Notes to the Financial Statements December 31, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Mount Prospect, Illinois (Village) was incorporated in 1917. The Village operates under the Council/Manager form of government. The appointed manager administers daily operations with the community while the elected Village Mayor and six-member Board of Trustees determine Village policy. The Village's major operations include public works, finance, police, fire, community development, human services and communications.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the Village's accounting policies established in GAAP and used by the Village are described below.

REPORTING ENTITY

The Village's financial reporting entity comprises the following:

Primary Government:

Village of Mount Prospect

Discretely Presented Component Unit:

Mount Prospect Public Library

In determining the financial reporting entity, the Village complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the Village.

Police Pension Employees Retirement System

The Village's sworn police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's President, one elected pension beneficiary and two elected police employees constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of the Village's contribution levels. Although it is legally separate from the Village, the PPERS is reported as if it were part of the primary Village because its sole purpose is to provide retirement benefits for the Village's police employees. The PPERS is reported as a pension trust fund.

Notes to the Financial Statements December 31, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

REPORTING ENTITY – Continued

Firefighters' Pension Employees Retirement System

The Village's sworn full-time firefighters participate in the Firefighters' Pension Employees Retirement System (FPERS). FPERS functions for the benefit of these employees and is governed by a five-member pension board, with two members appointed by the Village's President, two elected from active participants of the Fund, and one elected from the retired members of the Fund. The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining FPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of the Village's contribution levels. Although it is legally separate from the Village, the FPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village's sworn full-time firefighters. The FPERS is reported as a pension trust fund.

Discretely Presented Component Unit

Discretely presented component units are separate legal entities that meet the component unit criteria described above but do not meet the criteria for blending.

Mount Prospect Public Library

The Mount Prospect Public Library has a separate elected board and provides service to residents, generally within the geographic boundaries of the Village. The Library Board of Trustees annually determines its budget and resulting tax levy. Upon approval of the Village, the levy is submitted to the County. All debt of the Library is secured by the full faith and credit of the Village. The Library is considered a component unit of the Village of Mount Prospect for purposes of these financial statements. A copy of the Library's report may be obtained by writing to the Mount Prospect Public Library, 10 South Emerson Street, Mount Prospect Illinois 60056.

Notes to the Financial Statements December 31, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION

Government-Wide Statements

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The Village's police and fire safety, highway and street maintenance and reconstruction, building code enforcement, public improvements, economic development, planning and zoning, and general administrative services are classified as governmental activities. The Village's waterworks and sewerage and commuter parking activities are classified as business-type activities.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations.

The Village's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The Village first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions and business-type activities (general government, community development, public safety, public works, etc.). The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges for services, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) changes to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function or business-type activity) are normally covered by general revenue (property, sales and use taxes, certain intergovernmental revenues, permits and charges for services, etc.).

This government-wide focus is more on the sustainability of the Village as an entity and the change in the Village's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories.

Notes to the Financial Statements December 31, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements - Continued

GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Village:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Village:

General fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Village maintains one major special revenue fund, the Refuse Disposal Fund, and eight nonmajor special revenue funds. The Refuse Disposal Fund accounts for the revenues and expenditures associated with providing solid waste collection services. Financing is provided by property taxes, user fees and recycling income. The Refuse Disposal Fund reports charges for services (committed) and property taxes (restricted) as the major revenue sources for the fund.

Debt service fund is used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund and accounts for the servicing of general long-term debt not being financed by proprietary funds.

Notes to the Financial Statements December 31, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements - Continued

Governmental Funds – Continued

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds). The Village maintains one major capital projects fund, the Flood Control Construction Fund, and four nonmajor capital projects funds. The Flood Control Construction Fund is used to account for the resources to implement flood control projects throughout the Village. Financing is being provided by the sale of general obligation bonds, grants, interest income and by installment loans from the Illinois Environmental Protection Agency (IEPA).

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the Village:

Enterprise funds are required to account for operations for which a fee is charged to external users for goods or services and the activity is (a) financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges, or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Village maintains one major proprietary fund, the Water and Sewer Fund, which accounts for the activities of the water and sewer operations. The Village operates sewerage lift stations, relief stations and wastewater collection system and the water distribution system. The Village maintains two nonmajor enterprise funds.

Internal service funds are used to account for the financing of goods or services provided by an activity to other departments, funds or component units of the Village on a cost-reimbursement basis. The Village maintains four internal service funds. The Computer Replacement Fund is used to account for the acquisition of Village computer hardware. Financing is being provided by charges to various Village funds. The Risk Management Fund is used to account for the servicing and payment of claims for liability, property, casualty coverage, workers' compensation and medical benefits. Financing is being provided by charges in the various Village funds. The Vehicle Replacement Fund is used to account for the acquisition and depreciation of Village vehicles. Financing is being provided by charges to the General, Water and Sewer, Parking System Revenue and Village Parking Funds. The Vehicle Maintenance Fund is used to account for the maintenance and repair of all Village vehicles. Financing is being provided by charges to various Village funds.

Notes to the Financial Statements December 31, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements - Continued

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity by the Village for others and therefore are not available to support Village programs. The reporting focus is on net position and changes in net position and is reported using accounting principles similar to proprietary funds.

Pension trust funds are used to account for assets held in a trustee capacity by the Village for pension benefit payments. The Police Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the Village's police force. The Firefighters' Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the Village's Fire Department.

Agency funds are used to account for assets held by the Village in a purely custodial capacity. The Village maintains three agency funds. The Escrow Deposit Fund is used to account for refundable deposits held by the Village to ensure the completion of public improvements. The money is held by the Village until the improvements are completed. The Flexcomp Escrow Fund is used to account for employee payroll deductions pursuant to a Section 125 and Section 132 flexible compensation plans. The money is reimbursed to employees for qualified medical and dependent care expenses, parking and transportation expenses. The Library Bonds Escrow Fund is used to account for the accumulation of resources for the 2002 Library bond issue payments.

The Village's fiduciary funds are presented in the fiduciary fund financial statements by type (agency and pension trust). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the Village, these funds are not incorporated into the government-wide statements.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus as defined below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

Notes to the Financial Statements December 31, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Measurement Focus - Continued

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary, pension trust, and agency funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary, pension trust, and agency fund equity is classified as net position. Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, franchise taxes, licenses, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary, pension trust and agency funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Notes to the Financial Statements December 31, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Basis of Accounting – Continued

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Village's enterprise funds are charges to customers for sales and services. The Village also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

Cash and cash equivalents on the Statement of Net Position are considered to be cash on hand, demand deposits, and cash with fiscal agent. For the purpose of the proprietary funds "Statement of Cash Flows," cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, income taxes, utility taxes and grants. Business-type activities report utility charges as their major receivables.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Notes to the Financial Statements December 31, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Prepaids/Inventories

Prepaids/inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepaids/inventories are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

Restricted (Noncurrent) Assets

Certain deposits of the Water and Sewer Fund are recorded as restricted assets because their use is restricted by an intergovernmental agreement with the Northwest Suburban Municipal Joint Action Water Agency. Also, certain deposits of the Risk management Fund are recorded as restricted assets because their use is restricted by an agreement with the various third-party administrators.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, storm sewers, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets, other than infrastructure, buildings and improvements, purchased or acquired with an original cost of over \$20,000 (\$3,000 for the component unit) and infrastructure, buildings and improvements with an original cost of over \$50,000 are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. Infrastructure such as streets, stormsewers and bridges are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets are capitalized at estimated fair market value on the date donated.

Notes to the Financial Statements December 31, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Capital Assets - Continued

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

| Buildings and Improvements | 20 – 50 Years |
|----------------------------|---------------|
| Machinery and Equipment | 2 – 20 Years |
| Vehicles | 2 – 20 Years |
| Infrastructure | 15 – 50 Years |

Compensated Absences

The Village accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as "terminal leave" prior to retirement. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenditures/expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Notes to the Financial Statements December 31, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

All departments of the Village submit requests for appropriations to the Village Manager so that a budget may be prepared. The budget is prepared by fund and includes information on the past year, current year estimates and requested appropriations for the next fiscal year. Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted for the General, Special Revenue, Debt Service, Capital Projects, Enterprise, Internal Service and Pension Trust Funds. All annual appropriations lapse at fiscal year end.

The proposed budget is presented to the governing body for review. The governing body holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget.

The Village Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the governing body. Expenditures may not legally exceed budgeted appropriations at the fund level. During the year, budget amendments were approved by the Village Board. The final budget figures included in this report reflect all budget amendments made during the year.

Notes to the Financial Statements December 31, 2013

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

DEFICIT FUND EQUITY

The following funds had deficit fund equity for the fiscal year:

| Fund | Deficit |
|------------------------|---------------|
| Parking System Revenue | \$ 202,602 |

NOTE 3 – DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Village maintains a cash and investment pool that is available for use by all funds except the pension trust funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust funds are held separately from those of other funds. The Village's investment policy authorizes the Village to invest in all investments allowed by Illinois Compiles Statutes.

Permitted Deposits and Investments - Statutes authorize the Village to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, Illinois Funds and the Illinois Metropolitan Investment Fund. The deposits and investments of the Pension Funds are held separately from those of other Village funds. Statutes authorize the Pension Funds to make deposits/invest in interest bearing direct obligations of the United States of America; obligations that are fully guaranteed or insured as to the payment of principal and interest by the United States of America; bonds, notes, debentures, or similar obligations of agencies of the United States of America; savings accounts or certificates of deposit issued by banks or savings and loan associations chartered by the United States of America or by the State of Illinois, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; State of Illinois Bonds; pooled accounts managed by the Illinois Public Treasurer, or by banks, their subsidiaries or holding companies, in accordance with the laws of the State of Illinois: bonds or tax anticipation warrants of any county, township, or municipal corporation of the State of Illinois; direct obligations of the State of Israel; money market mutual funds managed by investment companies that are registered under the federal Investment Company Act of 1940 and the

Notes to the Financial Statements December 31, 2013

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Illinois Securities Law of 1953 and are diversified, open-ended management investment companies, provided the portfolio is limited to specified restrictions; general accounts of life insurance companies and separate accounts of life insurance companies provided the investment in separate accounts does not exceed ten percent of the pension fund's net assets. Pension funds of at least \$5 million that have appointed an investment advisor may, through that investment advisor, invest up to forty-five percent of the plan's net assets in common and preferred stocks that meet specific restrictions.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Although not registered with the SEC, Illinois Funds operates in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

The Illinois Metropolitan Investment Fund (IMET) is a non-for-profit investment trust formed pursuant to the Illinois Municipal Code. IMET is managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an Investment Company. Investments in IMET are valued at the share price, the price for which the investment could be sold.

Village Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Village's deposits for governmental and business-type activities totaled \$25,584,279 and the bank balances totaled \$29,933,599.

Investments. The Village has the following investment fair values and maturities:

| | | Investment |
|---------------------------------------|---------------|---------------|

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS – Continued

Village Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk - Continued

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. It is the policy of the Village to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Village and conforming to all state and local statutes governing the investment of public funds, using the 'prudent person' standard for managing the overall portfolio. The primary objectives of the policy are, in order of priority, legality, safety of principal and rate of return.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Village's policy limits its exposure to credit risk by permitting investments in only those securities allowed under law and by specifically prohibiting investments in leveraged or derivative securities. Illinois Funds and IMET are rated AAA.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 105% of the fair market value of the funds secured, with the collateral witnessed by a written collateral agreement and held by an independent third party. At year-end, the entire amount of the bank balance of deposits was covered by collateral, federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. To limit its exposure, the Village's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment basis with the underlying investments held by an independent third-party custodian and evidenced by safekeeping receipts and a written custodial agreement. Illinois Funds, and IMET are not subject to custodial credit risk.

Concentration Risk. This is the risk of loss attributed to the magnitude of the Village's investment in a single issuer. The Village's investment policy requires diversification of investments to avoid unreasonable risk. No financial institution shall hold more than 50% of the Village's investment portfolio, exclusive of any securities held in safekeeping; Illinois funds shall not exceed 50% of the investment portfolio. At year-end, the Village's investments are in compliance with its investment policy as it relates to concentration risk.

DEPOSITS AND INVESTMENTS – Continued

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Fund's deposits totaled \$2,102,922 and the bank balances totaled \$2,117,778.

Investments. The Fund has the following investment fair values and maturities:

| | | Investment Maturities (in Years) | | | | |
|----------------------------------|---------------|----------------------------------|--------------|--------------|--------------|--|
| | Fair | Less Than | | | More Than | |
| Investment Type | Value | 1 | 1 to 5 | 6 to 10 | 10 | |
| | | | | | | |
| U. S. Treasuries | \$ 2,706,977 | \$ 699,384 | \$ 1,254,913 | \$ 752,680 | \$ | |
| U. S. Agencies | 7,321,351 | 826,312 | 820,426 | 913,778 | 4,760,835 | |
| State, Local and Municipal Bonds | 2,375,581 | : = : | 524,540 | 291,338 | 1,559,703 | |
| Corporate Bonds and Obligations | 9,126,012 | 265,134 | 5,223,869 | 3,498,401 | 138,608 | |
| Illinois Funds | 260,551 | 260,551 | | ₩ 0 | <u>:=</u> | |
| | | | | | | |
| | \$ 21,790,472 | \$ 2,051,381 | \$ 7,823,748 | \$ 5,456,197 | \$ 6,459,146 | |

Interest Rate Risk. The Fund's investment policy states that the investment portfolio will limit its exposure to interest rate risk by structuring the portfolio to provide liquidity for all reasonably anticipated operating requirements while providing a reasonable rate of return based on the current market with a minimum return of 4% to 6% desired during the market cycle. In addition, no investment in a fixed income security shall have a maturity of greater than 30 years from the time of purchase.

Credit Risk. The Fund's investment policy does not address the management of credit risk other than to limit investments to those allowed by state statutes. Illinois Funds is rated AAA. The U.S. Treasury and U.S. Agency obligations that had ratings were rated AAA and the municipal bonds and corporate bonds that were rated ranged from BBB to AAA.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Fund's deposits may not be returned to it. The Fund's investment policy does not address custodial credit risk for deposits. At year-end, the entire amount of the bank balance of deposits was covered by collateral, federal depository or equivalent insurance.

DEPOSITS AND INVESTMENTS – Continued

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk - Continued

For an investment, this is the risk that in the event of the failure of the counterparty, the Fund will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. To limit its exposure, the Fund's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment basis with the underlying investments held by an independent third-party custodian and evidenced by safekeeping receipts. Illinois Funds are not subject to custodial credit risk.

Concentration Risk. The Fund's investment policy requires diversification of investment to avoid unreasonable risk. No financial institution, except any securities' custodians of the Fund, shall hold more than 10% of the Fund's portfolio at any time. Neither shall Illinois Funds hold more than 10% of the Fund's portfolio at any time. In addition, the following allocations are desired: depository accounts and money market mutual funds at 1% to 5%, fixed income securities at 50% to 54% with the remainder in equities, and equity mutual funds. At December 31, 2013, the Fund's investment in mutual funds exceeded 5% of the Fund's total investments. This is in compliance with the Fund's investment policy.

Firefighters' Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Fund's deposits totaled \$1,460,593 and the bank balances totaled \$1,461,792.

PROPERTY TAXES

Property taxes for 2013 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by Cook County and are payable in two installments, on or about March 1, and September 1. The County collects such taxes and remits them periodically.

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund Balances

Individual fund advances are as follows:

| Receivable Fund | Payable Fund | Amount |
|--|--|--------------------------------|
| General Police Pension Firefighters' Pension | Nonmajor Business-Type General General | \$ 212,603 61,251 53,408 |
| | | \$ 327,262 |

The purposes of the significant interfund receivables/payables are as follows:

- \$212,603 due to the General Fund from Nonmajor Business-Type Funds. The balance represents an operating loan to support operations of the Parking System Revenue Fund. Although the cash shortage continues to be on going, the fund was able to reduce the amount in 2013. Funding alternatives that are being considered include a parking rate increase to eliminate the need for further support and address the amount due.
- \$61,251 due to the Police Pension Fund from the General Fund. This was the contributions due for 2013 tax collections received in January and February 2014.
- \$53,408 due to the Firefighters' Pension Fund from the General Fund. This was the contributions due for 2013 tax collections received in January and February 2014.

Interfund Transfers

Interfund transfers for the year consisted of the following:

| Transfer In | Transfer Out | Amount |
|----------------------------------|----------------------------------|----------------------|
| General Nonmajor Governmental | Nonmajor Governmental General | \$ 36,865 203,112 |
| | | 239,977 |

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

For governmental-type activities, payments on compensated absences, net pension obligation and net other post-employment benefits obligation are made by the General Fund. The Debt Service Fund makes payments on the general obligation bonds, the IEPA loan contract payables and the installment notes payable. Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At year end, \$153,353 of internal service funds' compensated absences is included in the above amount and is generally liquidated by the Vehicle Maintenance Fund, an internal service fund. In addition, \$6,696 of internal service funds' net other post-employment benefits obligation is included in the above amount and is liquidated by the Vehicle Maintenance Fund, an internal service fund. Compensated absences for the business-type activities are liquidated by the Water and Sewer Fund. Payments on the net other post-employment benefits obligation are made by the Water and Sewer Fund and the Parking Fund. The Mount Prospect Public Library, a discretely presented component unit, makes payments on the Library general obligation bonds, the Library compensated absences and the Library net other post-employment benefits obligation.

Legal Debt Margin

Article VII, Section 6(k) of the 1970 Illinois Constitution governs the computation of legal debt margin.

"The General Assembly may limit by law the amount and require referendum approval of debt to the incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property...(2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent: indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts."

To date the Illinois General Assembly has set no limits for home rule municipalities. The Village is a home rule municipality.

Mount Prospect Public Library Financing Agreement

Long-Term Financing from Primary Government

The Village entered into an agreement with the Mount Prospect Public Library (the Library) on May 21, 2002 for the financing of the renovation of the existing public library. The Village agreed to issue general obligation bonds in the amount of \$20,500,000. The Library assumed full responsibility for the repayment of the bonds, inclusive of principal and interest and all costs associated with the bond issue as well as construction of the project. The 2002 bonds were refunded by the 2006 refunding bonds and the 2011A refunding bonds. The liability (\$9,665,000 of 2006 refunding bonds and \$2,910,000 of 2011A refunding bonds at December 31, 2013) for the bonds has been displayed on the Library's financial statements. In the event of a default by the Library, the Village is obligated to pay the principal and interest on the bonds.

The Library will remit to the Village all monies received from taxes collected for payment of principal and interest on a semi-annual basis. Payments are due May 1 and November 1 of each year. The Library has agreed to remit to the Village a balloon payment on November 1, 2021 in an amount sufficient to cover the December 1, 2021 principal and interest payments, the June 1, 2022 interest payment and the December 1, 2022 principal and interest payment.

The Library is responsible for all costs associated with the bond issue such as attorney fees, bond counsel fees and underwriter fees. Payments made to the Village are reported as a debt service expenditure on the Library's governmental fund financial statements and a reduction of the liability in the Library's General Long-Term Debt on the government-wide financial statements.

| v · · | _ | 11 500 000 | | | | | | | (690) | 11,580,131 |
| Unassigned | _ | 11,580,820 | _ | | | _ | . | _ | (689) | 11,300,131 |
| Total Fund Balances | \$ | 11,878,582 | \$ | 2,445,117 | \$ 121,491 | \$ | 11,672,318 | \$ | 4,764,938 \$ | 30,882,446 |

In the governmental funds financial statements, the Village considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Village first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Assigned Fund Balance. The Village reports assigned fund balance in the Capital Improvement, Series 2009 Construction, the Downtown Redevelopment Construction, nonmajor funds, and the Flood Control Construction, a major fund. The Village's Board and/or Village Manager (by authorization in the fund balance policy) has assigned the funds in these four funds to future improvement projects and equipment and vehicle purchases based on approved management expenditures as determined through the annual budget process.

Minimum Fund Balance Policy. The Village policy states that the General Fund should maintain an unrestricted fund balance level between 20% to 30% of the subsequent fiscal year's expenditures, the special revenue funds (except the CDBG Fund) should maintain a fund balance level between 10% and

Notes to the Financial Statements December 31, 2013

NET POSITION/FUND BALANCE – Continued

Fund Balance Classifications - Continued

Minimum Fund Balance Policy – Continued

25% of the annual budgeted expenditures, not including capital, debt service and transfers, the Debt Service Fund should maintain a fund balance level at a maximum of the amount of the next principal and interest payment due, and the Capital Projects Fund should maintain a fund balance level between 25% and 50% of the five-year average for capital expenditures supported by the fund to a maximum of \$1 million.

NOTE 4 – OTHER INFORMATION

RISK MANAGEMENT

The Village and its component are exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; employee health; natural disasters; and injuries to the Village's employees. These risks, along with medical claims for employees and retirees, are provided for through a limited self-insurance program. The Village is self-insured for the first \$25,000 for property claims, \$2,000,000 for liability claims, \$2,000,000 for errors and omissions and \$500,000 for workers' compensation claims. Commercial insurance is carried for amounts in excess of the self-insured amounts. There has been no significant reduction in coverage in any program from coverage in the prior year. For all programs, settlement amounts have not exceeded insurance coverage for the current or three prior years. The Village's self-insurance activities are reported in the Risk Management Fund, an internal service fund.

Premiums are paid into the Risk Management Fund by the departments of the General Fund and other funds based upon historical cost estimates. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Reported liabilities are actuarially determined and include an amount for claims that have been incurred but not reported. The total claims liability as of December 31, 2013 was \$849,879.

Changes in the balances of claims liabilities during the fiscal year are as follows:

| | | Auto | Co | Workers' ompensation | General Liability | Totals |
|--|-----------|--------------------------------|----|-----------------------------------|----------------------|---|
| Claims Payable - December 31, 2011 Incurred Claims Claims Paid | \$ | 75,934 (53,002) (19,432) | \$ | 1,098,722 777,855 (634,267) | \$ ě | \$ 1,174,656 724,853 (653,699) |

| Claims Payable - December 31, 2013 | <u>\$</u> | 40,302 | \$ | 794,577 | \$ 15,000 | \$ 849,879 |

Notes to the Financial Statements December 31, 2013

NOTE 4 – OTHER INFORMATION – Continued

RISK MANAGEMENT – Continued

High-Level Excess Liability Pool (HELP)

The Village is a member of the High-Level Excess Liability Pool (HELP). HELP is a public entity risk pool established by certain municipalities in Illinois to provide excess liability coverage (\$12,000,000 of coverage after a \$2,000,000 self-insurance retention). The Village's payments to HELP are displayed on the financial statements as expenditures/expenses in appropriate funds.

HELP is governed by the Board of Directors which consists of one appointed representative from each Member Municipality. Each Director has on equal vote. The officers of HELP are elected by the Board of Directors. The Board of Directors determines the general policy of HELP, makes all appropriations, approves contracts, adopts resolutions providing for the issuance of debt by HELP, adopts by-laws, rules and regulations, and exercises such powers and performs such duties as may be prescribed in the Agency Agreement or the by-laws.

The Village does not exercise any control over the activities of HELP beyond its representation on the Board of Directors.

The Village of Elk Grove Village, Illinois (the initial Host member) issued \$5,000,000 of general obligation bonds in 1987 to provide initial funding for HELP. The bond proceeds were put into escrow. An intergovernmental agreement among HELP, the Village of Elk Grove Village and the Members provides that HELP and its Members are obligated to the Village of Elk Grove Village for payment of principal and interest on the bonds until such bonds have been retired. The bonds were retired April 30, 1997.

HELP was organized on April 1, 1987 with the initial agreement which has been extended to April 30, 2018. The Village has committed to purchase excess liability insurance from HELP through the term of the agreement. Annual premiums are calculated based on a formula which specifies the following four criteria: 1) Miles of streets; 2) Full-time equivalent employees; 3) Number of motor vehicles; and 4) Operating revenues

Intergovernmental Personnel Benefit Cooperative (IPBC)

Risks for medical and death benefits for employees and retirees are provided for through the Village's participation in the Intergovernmental Personnel Benefit Cooperative (IPBC). IPBC acts as an administrative agency to receive, process and pay such claims as may come within the benefit program of each member. IPBC maintains specific reinsurance coverage for claims in excess of \$50,000 per individual employee participant. The Village pays premiums to IPBC based upon current employee participation and its prior experience factor with the pool. Current year overages or underages for participation in the pool are adjusted into subsequent years experience factor for premiums. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

Notes to the Financial Statements December 31, 2013

NOTE 4 – OTHER INFORMATION – Continued

CONTRACTUAL COMMITMENTS

High-Level Excess Liability Pool (HELP)

The Village has committed to purchase excess liability insurance from the High-Level Excess Liability Pool (HELP), and insurance pool of Illinois municipalities, through April 30, 2018. There is no minimum annual commitment amount for the purchase of this insurance coverage.

Future premiums will be calculated using the Village's allocation percentage. HELP's agreement provides that each year members will be assessed based upon a formula which specifies the following four criteria for allocating premium costs:

Miles of Streets Full-Time Equivalent Employees Number of Motor Vehicles Operating Revenues

The Village paid \$74,617 to HELP in 2013. For 2014, the Village estimates it will pay \$79,754.

Solid Waste Agency of Northern Cook County (SWANCC)

Annual payments to SWANCC are based on estimated tonnage of waste transported to SWANCC. It is assumed that there will be no material changes in deliveries to SWANCC. For 2014 the Village estimates it will pay SWANCC \$1,239,754, with annual increases ranging from 0% to 3% through 2022.

CONTINGENT LIABILITIES

Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Village's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Village.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

NOTE 4 - OTHER INFORMATION - Continued

JOINT VENTURES

Northwest Suburban Municipal Joint Action Water Agency (JAWA)

The Village is a member of the Northwest Suburban Municipal Joint Action Water Agency (JAWA) which consists of seven municipalities. JAWA is a municipal corporation and public body politic and corporate established pursuant to the Intergovernmental Cooperation Act of the State of Illinois. JAWA is empowered to plan, construct, improve, extend, acquire, finance, operate and maintain a water supply system to serve its members and other potential water purchasers. The seven members of JAWA and their percentage shares as of April 30, 2013 are as follows:

| | Percent Share |
|---|-----------------|
| Village of Elk Grove Village Village of Hanover Park | 16.95 % 8.71 |
| Village of Hoffman Estates | 16.94 |
| Village of Mount Prospect | 12.02 |
| City of Rolling Meadows | 7.31 27.95 |
| Village of Schaumburg Village of Streamwood | 10.12 |
| | 100.00 % |

These percentage shares are based upon formula contained in the water supply agreement and are subject to change in future years based upon consumption by the municipalities.

The members form a contiguous geographic service area which is located 15 to 30 miles northwest of downtown Chicago. Under the Agency Agreement, additional members may join JAWA upon the approval of each member.

JAWA is governed by a Board of Directors which consists of one elected official from each member municipality. Each Director has an equal vote. The officers of JAWA are appointed by the Board of Directors. The Board of Directors determines the general policy of JAWA, makes all appropriations, approves contracts for sale or purchase of water, provides for the issuance of debt, adopts bylaws, rules and regulations, and exercises such powers and performs such duties as may be prescribed in the Agency Agreement or the bylaws.

Northwest Suburban Municipal Joint Action Water Agency (JAWA) - Continued

Complete financial statements can be obtained from the Northwest Suburban Municipal Joint Action Water Agency, 903 Brantwood Avenue, Elk Grove Village, Illinois 60007.

Revenues of the system consist of: (a) all receipts derived from Water Supply Agreements or any other contract for the supply of water; (b) all income derived from the investment of monies; and (c) all income, fees, water service charges, and all rates, rents and receipts derived by JAWA from the ownership and operation of the system and the sale of water. JAWA covenants to establish fees and charges sufficient to provide revenues to meet all its requirements.

JAWA has entered into Water Supply Agreements with the seven-member municipalities for a term of 40 years, extending to December 31, 2022. The Agreements are irrevocable and may not be terminated or amended except as provided in the General Resolution. Each member is obligated, on a "take or pay" basis, to purchase or in any event to pay for a minimum annual quantity of water.

JAWA has entered into an agreement with the City of Chicago under which the City has agreed to sell quantities of lake water sufficient to supply the projected water needs of JAWA through the year 2020.

The obligation of the Village to make all payments as required by this agreement is unconditional and irrevocable, without regard to performance or nonperformance by JAWA of its obligations under this Agreement.

The payments required to be made by the Village under this Agreement shall be required to be made solely from revenues to be derived by the Village from the operation of the Waterworks and Sewerage System. Members are not prohibited by the Agreement, however, from using other available funds to make payments under the Agreement. This Agreement shall not constitute an indebtedness of the Village within the meaning of any statutory or constitutional limitation.

The obligation of the Village to make payments required by this Agreement from revenues of the Waterworks and Sewerage System shall be payable from the operation and maintenance account of the Water and Sewer Fund.

In accordance with the joint venture agreement, the Village remitted \$5,230,614 to JAWA for the year ended December 31, 2013. All payments were paid from the Water and Sewer Fund. The Village's share of net assets of JAWA was \$663,341 at December 31, 2013.

Notes to the Financial Statements December 31, 2013

NOTE 4 – OTHER INFORMATION – Continued

JOINT VENTURES - Continued

Solid Waste Agency of Northern Cook County (SWANCC)

The Village is a member of the Solid Waste Agency of Northern Cook County (SWANCC) which consists of twenty-three municipalities. SWANCC is a municipal corporation and public body politic established pursuant to the Constitution Act of the State of Illinois and the Intergovernmental Cooperation Act of the State of Illinois, as amended.

SWANCC is empowered to plan, construct, finance, operate, and maintain a solid waste disposal system to serve its members. SWANCC is governed by a Board of Directors which consists of one appointed representative from each member municipality. Each Director has an equal vote. The officers of SWANCC are appointed by the Board of Directors.

The Board of Directors determines the general policy of SWANCC, makes all appropriations, approves contracts, adopts resolutions providing for the issuance of bonds or notes by SWANCC, adopts bylaws, rules and regulations, and exercises such powers and performs such duties as may be prescribed in the SWANCC agreement or the by-laws. Separate audited financial statements are available at 2700 Patriot Blvd., Suite 110, Glenview, Illinois 60026.

SWANCC's bonds are revenue obligations. They are limited obligations of SWANCC, with a claim for payment solely from and secured by a pledge of the revenues of the system, and amounts in various funds and accounts established by SWANCC resolutions. SWANCC has no power to levy taxes.

Revenues of the system consist of: (a) all receipts derived from Solid Waste Disposal Contracts or any other contracts for the disposal of waste; (b) all income derived from the investment of monies; and (c) all income, fees, service charges, and all grants, rents, and receipts derived by SWANCC from the ownership and operation of the system.

SWANCC covenants to establish fees and charges sufficient to provide revenues to meet all its requirements.

SWANCC has entered into Solid Waste Disposal Contracts with the member municipalities. The Contracts are irrevocable, and may not be terminated or amended, except as provided in the Contract. Each member is obligated, on a "take or pay" basis, to purchase or in any event to pay for a minimum annual cost of the system.

The obligation of the Village to make all payments as required by this Contract is unconditional and irrevocable, without regard to performance or nonperformance by SWANCC of its obligations under this Contract.

Notes to the Financial Statements December 31, 2013

NOTE 4 - OTHER INFORMATION - Continued

JOINT VENTURES - Continued

Solid Waste Agency of Northern Cook County (SWANCC) - Continued

The payments required to be made by the Village under this Contract are required to be made solely from revenues to be derived by the Village from the operation of the Municipal Waste System Fund. The Village is not prohibited by the Contract from using any other funds to make the payments required by the Contract. The Contract shall not constitute an indebtedness of the Village within the meaning of nay statutory or constitutional limitation. In accordance with the joint venture agreement, the Village remitted \$1,227,076 to SWANCC for the year ended December 31, 2013, which is recorded in the Village's Refuse Disposal Fund.

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS

The Village contributes to three defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system, the Police Pension Plan which is a single-employer pension plan, and the Firefighters' Pension Plan which is a single-employer pension plan. The benefits, benefit levels, employee contributions, and employer contributions for all three plans are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. A separate report is issued for the Police and Firefighters' Pension Plans and may be obtained by writing to the Village at 50 S. Emerson St. Mount Prospect, Illinois 60056. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained on-line at www.imrf.org. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois.

Plan Descriptions, Provisions and Funding Policies

Illinois Municipal Retirement System

All employees (other than those covered by the Police and Firefighters' Pension plans) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Participating members hired before January 1, 2011 who retire at or after age 60 with 8 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of their final rate (average of the highest 48 consecutive months' earnings during the last 10 years) of earnings, for each year of credited service up to 15 years, and 2 percent for each year thereafter. For participating members hired on or after January 1, 2011 who retire at or after age 67 with 10 years of service are entitled to an annual retirement benefit, payable monthly for life in an amount equal to 1-2/3 percent of their final rate (average of the highest 96 consecutive months' earnings during the last 10 years) of earnings, for each year of credited service, with a maximum salary cap of \$106,800 at January 1, 2011. The maximum salary cap increases each year thereafter. The monthly pension of a member hired on or after January 1, 2011, shall be increased annually, following the later of the first anniversary date of retirement or the month following the attainment of age 62, by the lesser of 3% or ½ of the consumer price index. Employees with at least 10 years of credited service may retire at or after age 62 and receive a reduced benefit. IMRF also provides death and disability benefits.

Notes to the Financial Statements December 31, 2013

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Plan Descriptions, Provisions and Funding Policies – Continued

Illinois Municipal Retirement System - Continued

These benefit provisions and all other requirements are established by state statute. Employees participating in the plan are required to contribute 4.50 percent of their annual covered salary to IMRF. The employees' contribution rate is established by state statute. The Village is required to contribute the remaining amount necessary to fund the IMRF plan as specified by statute. The employer annual required contribution rate for calendar year 2013 was 12.71 percent.

Police Pension Plan

The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension trust fund.

At December 31, 2012, the date of the most recent actuarial valuation, the Police Pension Plan membership consisted of:

| Retirees and Beneficiaries Currently Receiving | |
|--|-----|
| Benefits and Terminated Employees Entitled | |
| to Benefits but not yet Receiving Them | 68 |
| | |
| Current Employees | |
| Vested | 60 |

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Plan Descriptions, Provisions and Funding Policies - Continued

Police Pension Plan - Continued

The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees hired before January 1, 2011, attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of ½ of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75% of such salary. Covered employees hired on or after January 1, 2011, attaining the age of 55 with at least 10 years creditable service are entitled to receive an annual retirement benefit of 2.5% of final average salary for each year of service, with a maximum salary cap of \$106,800 as of January 1, 2011. The maximum salary cap increases each year thereafter. The monthly benefit of a police officer hired before January 1, 2011, who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter. The monthly pension of a police officer hired on or after January 1, 2011, shall be increased annually, following the later of the first anniversary date of retirement or the month following the attainment of age 60, but the lesser of 3% or ½ of the consumer price index. Employees with at least 10 years but less than 20 years of creditable service may retire at or after age 60 and receive a reduced benefit.

Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan, including administrative costs, as actuarially determined by an enrolled actuary. By the year 2040 the Village's contributions must accumulate to the point where the past service cost for the Police Pension Plan is 90% funded.

Firefighters' Pension Fund

The Firefighters' Pension Plan is a single-employer defined benefit pension plan that covers all sworn firefighter personnel. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension trust fund.

At December 31, 2012, the date of the most recent actuarial valuation, the Firefighters' Pension Plan membership consisted of:

| Retirees and Beneficiaries Currently Receiving | |
|--|-----|
| Benefits and Terminated Employees Entitled | |
| to Benefits but not yet Receiving Them | 65 |
| | |
| Current Employees | |
| Vested | 45 |
| Nonvested | 20 |
| | |
| | 130 |
| | |

The following is a summary of the Firefighters' Pension Plan as provided for in Illinois State Statutes.

The Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one-half of the monthly salary attached to the rank at the date of retirement.

Firefighters' Pension Plan - Continued

The Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees hired before January 1, 2011, attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of ½ of the monthly salary attached to the rank held at the date of retirement. The pension shall be increased by 1/12 of 2.5% of such monthly salary for each additional month over 20 years of service through 30 years of service, to a maximum of 75% of such salary. Covered employees hired on or after January 1, 2011, attaining the age of 55 with at least 10 years of creditable service are entitled to receive an annual retirement benefit of 2.5% of final average salary for each year of service, with a maximum salary cap of \$106,800 as of January 1, 2011. The maximum salary cap increases each year thereafter. The monthly pension of a firefighter hired before January 1, 2011, who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter. The monthly pension of a firefighter hired on or after January 1, 2011, shall be increased annually, following the later of the first anniversary date of retirement or the month following the attainment of age 60, by the lesser of 3% or ½ of the consumer price index. Employees with at least 10 years but less than 20 years of creditable service may retire at or after age 60 and receive a reduced benefit.

Covered employees, if any, are required to contribute 9.455% of their base salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan, including administrative costs, as actuarially determined by an enrolled actuary. By the year 2040 the Village's contributions must accumulate to the point where the past service cost for the Firefighters' Pension Plan is 90% funded.

Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues when due, pursuant to formal commitments, as well as statutory or contractual requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Notes to the Financial Statements December 31, 2013

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Summary of Significant Accounting Policies and Plan Asset Matters - Continued

Method Used to Value Investments

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

Significant Investments

At December 31, 2013, the Police Pension Fund's investments in Vanguard 500 Index, LSV Value Equity Fund, Pioneer Equity Income Fund, and T Rowe Price Growth Fund and the Firefighters Pension Fund's investments in American Funds-GFA, American Funds-Euro Pacific Growth, T. Rowe Price-Mid Cap Growth, Vanguard-Morgan Growth and Vanguard-Windsor II exceeded 5% of the Fund's total investments. Information for IMRF is not available.

Related Party Transactions

There are no securities of the employer or any other related parties included in plan assets.

Annual Pension Cost and Net Pension Obligation

The net pension obligation/(asset) for each plan as of December 31, 2013 is as follows:

| | PoliceIMRF Pension | | Firefighters' Pension | Totals | |
|--|--------------------|--------------|--------------------------|--------------|--|
| Annual Required Contribution | \$ 1,954,187 | \$ 2,631,811 | \$ 2,323,609 | \$ 6,909,607 | |

| Ratio of UAAL to Covered Payroll | 56.24% | 460.88% | 461.81% |

The schedule of funding progress, presented as Required Supplementary Information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Notes to the Financial Statements December 31, 2013

NOTE 4 – OTHER INFORMATION – Continued

OTHER POST-EMPLOYMENT BENEFITS

Plan Descriptions, Provisions and Funding Policies

In addition to providing the pension benefits described, the Village provides post-employment health care insurance benefits (OPEB) for its eligible retired employees through a single employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the Village and can be amended by the Village through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the Village's governmental and business-type activities.

The Village provides pre and post Medicare post-employment health insurance to retirees, their spouses and dependents who were enrolled in one of the Village's healthcare plans at the time of the employees' retirement. To be eligible for benefits, the employee must qualify for retirement under one of the Village's three retirement plans.

All health care benefits are provided through the Village's health insurance plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous, and substance abuse care; vision care; and prescriptions. Upon a retiree reaching 65 years of age, Medicare becomes the primary insurer and the Village's plan becomes secondary.

All retirees contribute 100% of the actuarially determined premium to the plan. For the fiscal year ending December 31, 2013, retirees contributed \$843,433.

At December 31, 2013, membership consisted of:

| Benefits and Terminated Employees Entitled | |
|--|-----|
| to Benefits but not yet Receiving Them | 84 |
| Active Employees | 291 |
| Total | 375 |
| Participating Employers | 1 |

The Village is not required to and currently does not advance fund the cost of benefits that will become due and payable in the future. Active employees do not contribute to the plan until retirement.

Notes to the Financial Statements December 31, 2013

NOTE 4 – OTHER INFORMATION – Continued

OTHER POST-EMPLOYMENT BENEFITS – Continued

Annual OPEB Costs and Net OPEB Obligation

The net OPEB obligation (NOPEBO) as of December 31, 2013, was calculated as follows:

| \$ | 582,335 |
|----|---------|
| | 10,350 |
| | (9,505) |
| - | |
| | 583,180 |

| 2012 | | 450,309 | | 609,856 | 135.43% | | 295,702 | |
| 2013 | | 583,180 | | 275,814 | 47.29% | | 603,068 | |

Notes to the Financial Statements December 31, 2013

NOTE 4 – OTHER INFORMATION – Continued

OTHER POST-EMPLOYMENT BENEFITS – Continued

Funded Status and Funding Progress

The funded status of the plan as of December 31, 2012, the date of the latest actuarial valuation, was as follows:

| Actuarial Accrued Liability (AAL) | \$ 7,201,300 |
|---|------------------|
| Actuarial Value of Plan Assets | 2 0 |
| Unfunded Actuarial Accrued Liability (UAAL) | \$ 7,201,300 |
| Funded Ratio (Actuarial Value of Plan Assets/AAL) | 2 0 |
| Covered Payroll (Active Plan Members) | \$ 24,540,441 |
| UAAL as a Percentage of Covered Payroll | 29.34% |

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the December 31, 2012 actuarial valuation the entry age actuarial cost method was used. The actuarial assumptions included a 3.5% investment rate or return and an initial healthcare trend rate of 8.8% with an ultimate healthcare inflation rate of 5.0%, a 3.0% price inflation assumption, and a 4.0% wage inflation assumption. The actuarial value of assets was not determined as the Village has not advance funded its obligation. The plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2013, was 30 years.

Notes to the Financial Statements December 31, 2013

NOTE 4 – OTHER INFORMATION – Continued

SUBSEQUENT EVENTS

On February 4, 2014, the Village issued \$6,290,000 of General Obligation Bonds, due in annual installments of \$290,000 to \$1,265,000, plus interest at 3.00% through December 1, 2023.

COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

These financial statements and schedules are not required by the Governmental Accounting Standards Board (GASB), nor a part of the basic financial statements, but are presented for the purpose of additional analysis.

GOVERNMENTAL FUNDS

MAJOR GOVERNMENTAL FUNDS

GENERAL FUND

The General Fund is a major governmental fund used to account for all financial resources of the general government, except those required to be accounted for in another fund.

SPECIAL REVENUE FUND

Refuse Disposal Fund: The Refuse Disposal Fund is used to account for the revenues and expenditures associated with providing solid waste collection services. Financing is provided by property taxes, user fees and recycling income.

DEBT SERVICE FUND

The Debt Service Fund is used to account for the servicing of general long-term debt not being financed by proprietary funds.

CAPITAL PROJECTS FUND

Flood Control Construction Fund: The Flood Control Construction Fund is used to account for the resources to implement flood control projects throughout the Village. Financing is being provided by the sale of general obligation bonds, grants, interest income and by installment loans from the Illinois Environmental Protection Agency (IEPA).

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Motor Fuel Tax Fund: The Motor Fuel Tax Fund is used to account for the activities involved with street maintenance and construction. Financing is provided by the Village's share of state gasoline taxes. State law requires these gasoline taxes to be used to maintain streets.

Community Development Block Grant (CDBG) Fund: The Community Development Block Grant Fund is used to account for the revenue and expenditures associated with the CDBG. The grant is provided by the U.S. Department of Housing and Urban Development to develop urban communities by expanding economic opportunities and providing decent housing and a suitable living environment. The beneficiaries of CDBG must be individuals with low and/or moderate incomes.

Asset Seizure Fund: The Asset Seizure Fund is used to account for the revenues and expenditures associated with the asset seizure program in which the Village participates. Funds received are restricted for use in the fight against drugs.

DEA Share Funds Fund: The DEA Share Funds Fund is used to account for the revenues and expenditures associated with the Federal DEA Shared Funds program. The use of funds is restricted for use in the fight against drugs.

DUI Fines Fund: The DUI Fines Fund is used to account for the revenues and expenditures with the Cook County DUI fine program. Use of funds is restricted to fight against drunk driving.

Foreign Fire Insurance Fund: The Foreign Fire Insurance Fund is used to account for the revenues derived from the Foreign Fire Insurance Tax and disbursement of these funds for the benefit, use and maintenance related to the Fire Department.

Justice Assistance Grant Fund: The Justice Assistance Grant Fund is used to account for the revenues and expenditures associated with the Justice Assistance Grant Fund. The grant is provided by the U.S. Department of Justice for the purpose of reducing crime and improving public safety.

Business District Fund: The Business District Fund is used to account for the revenues and expenditures associated with the Business Districts within the Village. The Village currently has one Business District, the Randhurst Village Business District Area.

NONMAJOR GOVERNMENTAL FUNDS – CONTINUED

CAPITAL PROJECTS FUNDS

Capital Improvement Fund: The Capital Improvement Fund is used to account for the resources to provide for certain capital improvements and the replacement of Village equipment. Financing is being provided by transfers from other funds and interest income.

Series 2009 Construction: The Series 2009 Construction Fund is used to account for the construction of Fire Station 14, the Emergency Operations Center, and the Public Works Expansion projects.

Downtown Redevelopment Construction Fund: The Downtown Redevelopment Construction fund is used to account for the resources to acquire property and construct certain improvements in the Downtown Redevelopment Tax Incremental Financing District No. 1.

Street Improvement Construction Fund: The Street Improvement Construction Fund is used to account for the resources to reconstruct Village streets. Financing is being provided by the sale of general obligation bonds, various taxes, licenses, permits, fees and interest income.

PROPRIETARY FUNDS

ENTERPRISE FUNDS

Water and Sewer Fund: The Water and Sewer Fund is a major fund and is used to account for the activities of the water and sewer operations. The Village operates sewerage lift and relief stations and waste water collection systems and the water distribution system.

Parking System Revenue Fund: The Parking System Revenue Fund is a nonmajor fund and is used to account for the provision of public parking services with fees shared with the commuter railroad. All activities are accounted for including administration, operations, maintenance and collection.

Village Parking System Fund: The Village Parking System Fund is a nonmajor fund and is used to account for the provision of Village-owned public parking services including the Village Hall parking deck and leased commuter spaces. All activities are accounted for including administration, operations, maintenance, financing, related debt service and billing and collection.

FIDUCIARY FUNDS

TRUST AND AGENCY FUNDS

PENSION TRUST FUNDS

Police Pension Fund: The Police Pension Fund is used to account for the resources necessary to provide retirement and disability benefits to personnel of the Mount Prospect Police Department. Revenues are provided by the following: Village contributions (made possible by a property tax levy), employee withholdings and investment income.

Firefighters' Pension Fund: The Firefighters' Pension Fund is used to account for the resources necessary to provide retirement and disability benefits to personnel of the Mount Prospect Police Department. Revenues are provided by the following: Village contributions (made possible by a property tax levy), employee withholdings and investment income.

AGENCY FUNDS

Escrow Deposit Fund: The Escrow Deposit Fund is used to account for refundable deposits held by the Village to ensure the completion of public improvements. The money is held by the Village until the improvements are completed.

Flexcomp Escrow Fund: The Flexcomp Escrow Fund is used to account for employee payroll deductions pursuant to Section 125 and Section 132 flexible compensation plans. The money is reimbursed to employees for qualified medical and dependent care expenses, parking and transportation expenses.

Library Bonds Escrow Fund: The Library Bonds Escrow Fund is used to account for the accumulation of resources for the 2002 Library bond issue payments.

STATISTICAL SECTION (Unaudited)

This part of the comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Village's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the Village's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the Village's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the Village's current levels of outstanding debt and the Village's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Village's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the Village's financial report relates to the services the Village provides and the activities it performs.

| 2013 | 31,645,000 | - | 1,139,512 | | | | |

Note: Details of the Village's outstanding debt can be found in the notes to the financial statements.

- (1) The Village entered into five installment contracts with the Illinois Environmental Protection Agency to provide funds for the construction of flood control projects. The contracts are for a 20-year period with equal semi-annual installments.
- (2) In 2012, the Village entered into an installment note to make stormwater improvements. The loan is payable in annual installments over a seven year period. Previously, the Village entered into an installment note to purchase property in the Downtown Redevelopment TIF District for future improvements.

Schedule of Legal Debt Margin December 31, 2013 (Unaudited)

The Village is a home rule municipality.

Article VII, Section 6(k) of the 1970 Illinois Constitution governs computation of legal debt margin.

"The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by some home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property...(2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent: indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts."

To date the General Assembly has set no limits for home rule municipalities.

Notes:

- 1. The Village is a home-rule unit under the Illinois constitution and, therefore, has no debt limit nor is it required to seek referendum approval for the issuance of general obligation debt.
- 2. See "Detailed Overlapping Bonded Indebtedness Payable From Property Taxes at December 31, 2013".
- The Village's 2012 equalized assessed valuation includes \$38,247,882 incremental valuation in the Village's tax increment financial district.

Notes:

- 1. The Village is a home rule unit under the 1970 Illinois Constitution and as such has no debt limit, nor is it required to seek referendum approval for the issuance of general obligation debt. The Village has entered into five installment contracts with the Illinois EPA (excluded from the table above) to provide funding for a portion of the Village's storm water/flood control program. The installment contracts (each with semi-annual payments) have final maturities on July 12, 2013, May 1, 2014, December 10, 2014, November 1, 2017 and June 3, 2019. Total principal outstanding on the IEPA installment contracts was \$1,614,512 as of December 31, 2013. Debt service is being paid from the Village's ¼ cent home rule sales tax instituted effective September 1, 1991 for the purpose of funding the Village's \$18.6 million flood control program.
- 2. Excludes the Series 2006 Library Refunding Bonds and the Series 2011A Library Refunding Bonds. An intergovernmental agreement between the Village and the Mount Prospect Public Library requires the Library to levy taxes sufficient to cover 100% of the debt service (\$12,575,000) on the Library Bonds.

Notes:

- Information in table pulled from applicable Official Statements.
- 2. Excludes the Village's general obligation bonds which are payable from non-property taxes.
- 3. Village population estimates used in these calculations were 56,265 in 2001-2009, and 54,167 beginning in 2010.

Notes:

- 1. Property in Cook County is separated into two primary classifications for assessment purposes (10% for residential and 25% for commercial property). After the assessor establishes the fair market value of a parcel of land, the value is multiplied by one of the classification percentages to arrive at the assessed valuation for that parcel. The Illinois Department of Revenue furnishes each county with an adjustment factor (the equalization factor) to equalize the level of assessment between counties. After the equalization factor is applied, the valuation of the property for taxing purposes has been established—tax rates are applied to the equalized valuation.
- 2. Under the current triennial reassessment system in Cook County, the Village was most recently reassessed in 2010.
- 3. Excludes four categories of exemptions: the Senior Citizens' Homestead Exemption; the General Homestead Exemption; the Senior Citizens' Tax Freeze Homestead Exemption and the Long-Term Homeowner Exemption.
- 4. The Village's tax rate is calculated based on the village's Net Equalized Assessed Valuation (shown in this table as "Net for General Taxing Purposes") and is extended against its entire Equalized Assessed Valuation (shown in this table as "Total for all Taxing Purposes") excluding only the statuary exemptions. Of the taxes collected, that portion applicable to incremental valuation (valuation of tax increment districts) is remitted to the Village by the County Collector for deposit in the applicable tax allocation fund. The Equalized Assessed Valuation for which the Village receives its portion of the total tax rate for all non-TIF purposes is shown in this table as "Net for General Taxing Purposes".

| 2011 | 2012 | 15,852,352 | 15,614,490 | 98.50% | | | | |
| 2012 | 2013 | 16,477,871 | 16,278,228 | 98.79% | | | | |

Notes:

- Source: Cook County Treasurer's Office. Tax payments, including late payments and proceeds from tax sales, are shown as collections in the year when due. The "Amount Collected" is not the same as distributions to the Village because tax refunds (pursuant to court orders, first time homestead exemptions other exemptions, etc.) are deducted from "Amount Collected" and interest earnings are added to "Amount Collected" in calculating the distributions.
- 2. Cook County property taxes are payable in two installments: the first on March 1, and the second on the latter of August 1 or 30 days after the mailing of the tax bills. The first installment is an estimated bill and is 55% of the prior year's bill. The second installment is based on the current levy, assessment and equalization and reflects any changes from the prior year in those factors.

TEN LARGEST TAXPAYERS

| Rank | Taxpayer | TaxpayerBusiness/Properties | | Equalized Assessed Valuation (1) | Percent of Village (2) | |
|------|------------------------|-----------------------------|----|----------------------------------|---------------------------|--|
| 1 | Randhurst Casto Conger | Shopping Center | \$ | 28,960,930 | 1.85% | |
| 2 | CRP Holdings | Real Estate | | 18,996,312 | 1.21% | |
| 3 | Ramco Gershenson Prop | Shopping Center | | 17,492,627 | 1.12% | |
| 4 | Golf Plaza I & II | Shopping Center | | 16,227,376 | 1.03% | |
| 5 | Home Properties Colony | Colony Square Apartments | | 12,165,956 | 0.78% | |
| 6 | LIT Industrial Limited | Real Estate | | 8,418,483 | 0.54% | |
| 7 | First Industrial | Real Estate | | 8,186,150 | 0.52% | |
| 8 | KRCV Corp. | Real Estate | | 7,723,968 | 0.49% | |
| 9 | Cummins-Allison Corp. | Manufacturing | | 7,643,111 | 0.49% | |
| 10 | Huntington Square | Apartments | | 7,405,643 | 0.47% | |
| | | | \$ | 133.220.556 | 8.49% | |

Notes:

- 1. Valuations as of January 1, 2012 for 2013 tax purposes.
- 2. Total 2012 Village valuation excluding incremental valuation in the Village's tax increment district is \$1,568,774,082.

2006 AND 2012 TAX BASE DISTRIBUTION BY PROPERTY CLASSIFICATION*

| | Village of Mount Prospect | | | | | | | | | | |
|----------------|---------------------------|-------------------|------------|------------------|---------|--|--|--|--|--|--|
| | | Taxable Valuation | | Percent of Total | | | | | | | |
| Classification | 2006 | 2012 | % Increase | 2006 | 2012 | | | | | | |
| Residential | 1,048,895,640 | 1,141,783,464 | 8.86% | 65.67% | 72,78% | | | | | | |
| Commercial | 357,812,772 | 281,197,939 | -21.41% | 22.40% | 17,92% | | | | | | |
| Industrial | 190,150,899 | 145, 136, 294 | -23.67% | 11.90% | 9.25% | | | | | | |
| Railroad | 450,150 | 656,385 | 45.81% | 0.03% | 0.04% | | | | | | |
| Total | 1,597,309,461 | 1,568,774,082 | -1.79% | 100.00% | 100,00% | | | | | | |

^{*} Excludes the incremental valuation in the Village's tax increment financing district (classified as commercial valuation). A breakdown by property classification of the Village's levy year 2013 valuation is not available as of the date of this report.

Notes:

This condensed financial information for the years ending December 31, 2009-2013 has been excerpted from the full Comprehensive Annual Financial Reports of the Village. The accounting policies of the village conform to GAAP and are disclosed in the audited financial statements. A summary of some of the policies are: All Governmental Funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets; expenditures are recognized when the related fund liability is incurred. All Proprietary Funds and Pension Trust Funds are accounted for using the accrual basis of accounting. This table excludes the Village's Expendable Trust Funds and Agency Funds. The Village's Comprehensive Annual Financial Report for the year ended December 31, 2013 included an unqualified "Independent Auditor's Report". Similar unqualified opinions were included in the Village's Comprehensive Annual Financial Reports for the years ending December 31, 2009-2012. The "Independent Auditor's Report" included in the latest audit states, in part:

"In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discreetly presented component unit, each major fund, and the aggregate remaining fund information of the Village of Mount Prospect, Illinois, as of December 31, 2013, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America."

- 2. The Village's property tax revenue recognition policy conforms to the provisions of "NCGA Interpretation 3, Revenue Recognition Property Taxes." The current net tax levy receivable is recognized in the balance sheet along with a corresponding amount of deferred revenue. In addition, the debt service payments and liabilities related to the current net tax levy are not reflected in the Debt Service Funds; the un-matured principal is reflected in the General Long-Term Debt Account Group.
- Includes the Capital Improvement Fund, which accounts for the resources used to provide for mid-sized capital
 projects. Financing is provided by one-quarter cent home rule sales tax, developer contributions, transfers from other
 funds, interest income, and bond proceeds.
- 4. Fund balances shown for the Enterprise Funds are total fund equity, including contributed capital and retained earnings, and the column "Revenue Over Expenditures" represents the change in that amount.
- 5. The Village created a Risk Management Fund in 1984 to account for the servicing and payment of claims for liability, property, casualty coverage and Workers' Compensation. Financing is provided by charges to the various Village funds. The Village created a Vehicle Replacement Fund in fiscal year 1991 to account for the acquisition and depreciation of Village vehicles. Financing is provided by charges to the General, Water and Sewer, and Parking Funds. The Village created a Vehicle Maintenance Fund in 1996 to account for maintenance and repair of all Village vehicles except Fire Department vehicles. In 1997, the Village created a Computer Replacement Fund to account for the acquisition and depreciation of Village computer hardware.
- 6. Excludes agency funds.

Note:

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, storm sewers, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Village as assets with an initial, individual cost of more than \$20,000, except for infrastructure for which the cost is \$50,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.
